ELEXIR GODINEAU
THE WORLD'S GREATEST TONIC.
Sensational Review by the Press in France
LE TEMPS.
The ELIXIR GODINEAU is now, constantly talked off by the press, it is the constant subject of their articles and the talk of town and country: it is a first class strengthening and restoring tonic of miraculous power.
L'AUTORITE.
The marvellous properties of the ELXIR GODINEAU having been duly proved by various experiments, this powerful specific is now universally recommended as the best remedy against anaemia, tuberculosis and all cases of exhaustion of the organic system in general.
LE FIGARO.
To make gold, and find out the secret of ever lasting youth; such were the two problems which alchemists had tried to solve. The progress of science has shown the uselessness of the first, but it facilitated on the other hand, the working out of the second.
Following out the eminent professor's theories a Paris Chemist of high standing with the assistance of eminent practitioners has prepared the Elixir bearing his name the ELIXIR GODINEAU the effects of which are surprising.
LE MOT D'ORDRE.
Several truly marvellous cures effected by the ELIXIR GODINEAU and which have been echoed far and wide, have given this specific universal popularity. Henceforth anaemia, rachitis, paralysis, senile degeneration will cease to exist. The ELIXIR GODINEAU rapidly suppresses all these affections produced by partial or general exhaustion of the organic system.
L'EVENMENT.
The fairy tale of the fountain of youth is now a true and real fact; old age still scatters a few wrinkles on the face, a few snowy flakes in the hair, but it can no longer chill the hearts of men to whom the high-mettled spiritness of a youth of twenty years of age, is restored by the ELIXIR GODINEAU, one of the valuable conquests of modern science.
L'ECHO DE PARIS
The great success of the ELIXIR GODINEAU increases from day to-day, and is fully justified. This powerful specific restores health and vigour every day to numberless invalids whose cure was despaired of. All weakened or debilated organic systems are speedily strengthened after treatment with the ELIXIR GODINEAU, the effect of which is as sure as it is rapid. Sole Agents for India, Burma and Ceylon.

M. T. MADON & Co.,

24-26, ABDUL REHMAN STREET, Crawford Market Corner Shop, BOMBAY.

STEARNS' CELERY NERVINE.

In Rheumatism and Gout, Stearns' Celery Nervine relieves by eliminating from the blood through the kidneys, by its diuretic action, substances which are attributed to cause the diseases, thereby acting as a preventive. People who are subject to the disease should take a bottle of Stearns' Celery Nervine occasionally as an aid in preventing suspected attacks.

In nervous disorders and sleeplessness, Stearns' Celery Nervine acts as a tonic and sedative to the nervous system relieving sleeplessness and steadying the nerves.

Uterine and Ovarian disorders such as difficult menstruation, ovarian congestion and disorders of the menopause or change of life are relieved by the continued use of Stearns' Celery Nervine.

In the disorders of the Kidneys commonly known as Bright's Disease, Stearns' Celery Nervine aids the system by its tonic and diuretic alterative effect.

In blood disorders such as scrofula, pimples, blotches, etc., Stearns' Celery Nervine with the proper local treatment is a great aid in restoring the skin to its normal condition.

NOTICE.

In the matter of the Indian Co's Act
and
In the matter of the Anglo-India and Colonial Navigation Co., Ltd. in Liquidation.

N. H. MOOS ..... Official Liquidator.

SALE OF THE VALUABLE IMMOVEABLE PROPERTY KNOWN AS CARLTON HOUSE IN OUTRAM STREET, WITHIN THE FORT.

OFFERS ARE INVITED for the sale of the land known as Plot No. 47 on the Esplanade Estate comprised in the lease, dated 31st October, 1911, made between the Trustees for the Improvement of City of Bombay and the late Ratanji Jamsetji Tata admeasuring 2241 square yards or thereabouts with the buildings standing thereon and known as "Carlton House."

The offers must be in writing addressed to the Liquidator of the above Company and must be received at the office of the Liquidator at 57 Esplanade Road, Fort, Bombay, or of his Attorneys Messrs. Bhaishankar Kanga and Girdharlal, Albert Buildings, Fort Bombay, before 5 p.m. (S. T.) on WEDNESDAY the 31st day of August, 1921.

Any offer made through a broker must disclose the name of his principal. Brokerage at the rate of 1 per cent upon the amount of the purchase money will be paid on competition of the sale of the said property but not otherwise to the broker through whom the offer for purchase is received. The sale of the property will be subject to a reserve price and accordingly offers received through brokers will be treated as offers for the amount named less the brokerage payable thereon.

The acceptance of an offer by the Liquidator will be subject to the sanction of the Court and a deposit of 20 per cent of the purchase price of the said property will be required to be made on the acceptance of the offer in respect thereof.

The purchase of the property must be completed within one month of the acceptance of the offer and in this respect time will be of the essence of the contracts.

The property is offered for sale subject to all existing tenancies.

The purchaser must accept such title to the property as the Liquidator may have and the Liquidator will execute an Assignment with only the usual Trustees covenant that he personally has not encumbered.

Further particulars and form of contract which will be required to be signed by the purchaser of the property may be obtained from the Liquidator at his office aforesaid or at the office of Messrs. Bhaishankar Kanga & Girdharlal his Attorneys, Albert Buildings, Fort, Bombay.

DESCRIPTION OF THE PROPERTY.

All that piece or parcel of leasehold land situate on the Esplanade Estate of the City of Bombay Improvement Trust in the Esplanade Division of A Ward in the City and Island of Bombay and Sub-Registration District of Bombay, containing a total area of 2241 square yards and be the same little more or less together with the buildings outhouses and all premises standing thereon and which is bounded on the North by a Plot No. 78 on the East by Cathedral High School, on the South by Outram Road and on the West by Murzaban Road and which said piece of land known as Plot No. 77 forms a portion of the lands vested in the Board of Trustees of the City of Bombay Improvement Trust and which said premises together with all buildings outhouses now erected and built thereon are assessed by the Collector of Land Revenue under New Survey No. 2/8463 and are assessed by the Bombay Municipality under A Ward No 3485 (1) Street No. 3.

Dated this 5th day of August, 1921.

Per Pro N. H. MOOS,
GIRDHARLAL HARILAL MEHTA,
Official Liquidator.

BUILDING SITES POONA.

KOREGAON ROAD DEVELOPMENT SCHEME.

THE undersigned will sell by auction, plots Nos. 28, 79 to 89 and 105 to 109 from the Poona Suburban Development area on the Koregaon Road at the Collector's Kacheri, Poona, at 12-30 noon on TUESDAY, September 6th 1921. Each plot measures about 1¼ acres, and will be sold (subject to a reserved price of Rs. 2,000 per plot) to the highest bidder as a building site, subject to an annual assessment of 6 pies per square yard for 50 years, at the end of which period the assessment will be liable to revision. Only one bungalow will be allowed on each site and all building plans will have to receive the Collector's approval. The area is about to be included in the Poona Suburban Municipality, fine roads are already being constructed and arrangements for water supply will be made as soon as possible.

A plan of the whole lay-out of the area can be obtained on application to the Collector's Office.

Government reserve the right to refuse the highest or any bid.

For any further information, application may be made to the Collector.

W. F. HUDSON,

CAPTAIN & VAIDYA,
Attorneys for Messrs. Aboo Bucker Elias and Co. 10461

IN THE HIGH COURT OF JUDICATURE AT BOMBAY.

ORDINARY ORIGINAL CIVIL JURISDICTION

Suit No. 766 of 1921.

NARAYEN VITHOBA AWATE, of Bombay Maratha Hindu Inhabitant residing near Carnac Bridge, outside the Fort of Bombay, the Sole Surviving Partner of the firm of Govind Narayen Dalal, carrying on business as Fruit Merchants and Commission Agents at Crawford Market. ..... Plaintiffs.

Versus

AMIRBHAI KASSUMBHAI BAGWAN, of Saswad Mahomedan Inhabitant, residing at Saswad District Poona. Defendant

To.

AMIRBHAI KASSUMBHAI BAGWAN, The defendant abovenamed.

Sir,

TAKE NOTICE that the above suit has been filed praying judgment against you for the sum of Rs. 2,146-1-0 with interest on Rs. 1,963-5-3 and for costs and take NOTICE that the Court has by a Chamber Order dated the 5th day of August, 1921, authorised service on you of the Writ of Summons issued herein by affixing a sealed duplicate copy and a copy of the official Marathi translation thereof on the board set apart for the purpose of the High Court House and by publishing a Notice, containing the substance of the said Writ of Summons herein once in English in the "Bombay Chronicle" and once in Marathi in the "Dnyan Prakash."

AND TAKE NOTICE that you are hereby summoned to appear in this Hon. Court on the 13th day of September 1921, at 11-30 o'clock (S. T.) in the forenoon in person or by an Advocate duly instructed by an Attorney of this Hon. Court and able to answer all material questions relating to the suit, or who shall be accompanied by some other person able to answer all such questions, to answer the abovenamed Plaintiff and as the day fixed for your appearance is appointed for the hearing and final disposal of the suit, you must produce all your witnesses on that day and (but you will bring with you (or send by your Attorney) any document in your possession or power containing evidence relating to the merits of the Plaintiffs' case or upon which you intend to rely in support of your case, and you are hereby required to take NOTICE that in default of your appearance on the day mentioned above, the suit will be heard and determined in your absence.

Dated this 11th day of August, 1921.

MEHTA LALJEE & Co.,

BOMBAY MARKETS.

COTTON.

(From our Correspondent.)

12th August 1921.

The Marwari Bazar opened this morning for Fine M. G. Oomra September at Rs. 327½ and declined till Rs. 326 at which price the market remained steady till 4 p.m. The Bazar finally closed at Rs. 326½. At Colaba the market opened at Rs. 327½ and closed at Rs. 326½.

Our market for really cotton continued to remain quiet yesterday. The inquiry was moderate and about 2000 bales only are reported to have been sold yesterday.

6½ per cent. Bombay Development Loan due 1935, Rs. 104.

FINANCE.

Money continues easy. The rate for call money is under 2 per cent. and for fixed deposit about 3 per cent. The Imperial Bank balance is down by Rs. 195 lakhs, and the Bank rate is unchanged.

The Exchange market continues steady and some Export Bills are showing in Calcutta On the other hand, Speculators are selling Exchange for forward delivery in anticipation of higher rates. Business was done for January at 1/4 1/16 and for March and April at 1/4 1/8.

The two great factors, namely, (1) The Astrologers and (2) The Financial Prophet of the "Times of India" disturbed the Bullion Bazar for a while during this week. The Astrologers augured that there would be a slump in both Silver and Gold rates. The "Prophet" said the fohowing in guarded language, "in some quarters it is believed that the exchange would rise to is—6d." He has of course very wisely omitted the date of realisation of his prophesy. The Speculators, who generally make the market for the time being, began selling heavily both Bold and Silver in Bombay and in London with the result that the Banks secured over two crores rupees worth of Gold for Export. Later on, the Bears began covering the sales with the result that Gold after touching Rs. 30-10 per tola the lowest for the week, improved to Rs. 31-11, but closed steady at Rs. 31-4. Silver after touching Rs. 95-8 improved to Rs. 99/8 and closed steady at Rs. 99.

The China markets are quite steady again and the Shanghai tael is at 3/8 per tael and the Hongkong rate is at sh. 2/8 per dollar.

The local stock of silver is estimated at about 2500 bars and average daily off take is about 40 bars. The stock of Gold is estimated at about one Lakh Tolas and the daily arrivals at about ten thousand Tolas.

The American exchange soared to dols. 3.73 to the £, but closed dull at 3.65 5/8. The London silver price declined to 36½d. for spot owing to large sales by Indian Speculators, but closed steady at 37¼d. on account of Bears covering and China buying.

It is gratifying to report that there is some demand for our produce from Europe and the conditions on the Continent are reported to be gradually improving.

SHARE MARKET.

The Market was closed from Monday to Thursday on account of the August settlement which was a very heavy one, and the Bank of India Stock Exchange Clearing House has again very successfully coped with the work.

On last Saturday, the market opened weak, but closed firm on account of Bears covering. The same factors as reported previously control the market. The Market closed weak on account of Bulls unloading.

The following are the closing rates of the Bombay Stock Exchange to-day:—

Domestic Occurrences.

DEATH.

VAJIFDAR—Jamshedji Meherjibhoy Vajifdar, son of Meherjibhoy Muncherji Vajifdar, aged 26, died yesterday morning. Funeral will take place to-day (Saturday) at his residence at Lall Baug, Parel,—Wadia's Agiary, at 8 a.m. (S. T.).

"SALLE FRANCAISE"

There will be a "Salle Francaise" lecture on "One Year at the University of Paris," by Prof. R. D. Karve, at 6-30 p.m. to-day.

COMMERCE GRADUATES' ASSOCIATION.

Mr. S. B. Billimoria, M.B.E., has kindly consented to meet the members to-day at 5 p.m. in the Sydenham College.

THE ISRAELITE BROTHERHOOD.

Owing to a Jewish fast "Tishabeab" there will be no classes or lectures on Saturday and Sunday.

The shorthand classes will meet as usual on Monday and Thursday at 7-30 p.m.

THE CLASS ON "INDIAN CONSTITUTION."

The class on "Indian Constitution," held under the auspices of the Study Circle of the Indian Liberal Club, will meet as usual to-morrow (Sunday) at 9 a.m. (S.T.) at the Servants of India Society's hall. It will be conducted by Dr. P. N. Daruwala.

MEMORIAL MEETING.

A meeting of the Friends and Admirers of the late Mr. Jalbhoy D. Bharda and of the Past and Present Pupils of the New High School will be held to-morrow (Sunday), at 10 a.m. (S.T.) at the Excelsior Theatre to express deep sorrow at the death of the late Mr. Jalbhoy Bharda and to consider steps to perpetuate his memory in a suitable way.

THE ZOROASTRIAN BROTHERHOOD.

Under the auspices of the Zoroastrian Brotherhood, Miss I. Wingate, of the Y.W.C.A., will deliver a lecture on "Life in an English Factory," on Monday, the 15th August, at 6-30 p.m. in the Hall of the Tutorial High School (opp. Gowalia Tank Fire Brigade). Mr. K. Natrajan has consented to preside.

All are cordially invited to attend.

CONTINUATION CLASS IN COOPERATION.

Under the auspices of the Bombay Central Cooperative Institute the weekly continuation class in cooperation will be conducted by Prof. H. L. Kaji, I.E.S., President of the Bombay Branch of the Institute, on Sunday the 14th August 1921, at 8-30 a.m. The subject will be "The practical difficulties of the Store."

ANNIVERSARY OF A PARSI PRIEST.

To-day (Saturday) at 6 p.m. the Parsis will celebrate the 330th anniversary of one of their eminent priests Dastur Maherji Rana who played an important part in the religious history of the Parsis since their advent into India, in the Anjuman's Atash-Beheram at Dhobi Talao when Mr. J. J. Vimadalal will preside.

The Sacred Jashan ceremony will commence at 4-30 (S.T.) in honour of the deceased.

"DESA" PRIZE EXAMINATION.

With a view to encourage the study of the Zoroastrian religion and Parsi history among Parsi students attending colleges the Jashan Committee is holding a special examination in these subjects for them. The examination will be open to such college students of both sexes as may not have taken any degree by the time the examination forms are required to be submitted. It is hoped that the students will avail themselves of this opportunity of studying the principles and tenets of their religion and acquainting themselves with Parsi history.

2. The following prizes will be awarded to the most successful competitors:—1st prize Rs. 50; 2nd, Rs. 30; 3rd Rs. 20.

Besides the three prizes, additional prizes will be awarded on the recommendation of the Board of Examiners.

3. The examination for the year 1921 will be held on Sunday, the 13th November. Intending competitors are requested to send in their applications to the Hon. Secretary, Jashan Committee, (Cama Street, Hornby Road, Fort, Bombay.) by Sunday, the 7th idem.

BOMBAY AMUSEMENTS.

THE EMPIRE.

The fame of Pavlova, a most talked of dancer has spread even to India. There is an opportunity at the Empire Theatre this week of seeing something of her wonderful dancing on the cinema screen.

For Pavlova is taking the leading role in one of the most elaborate films which has been shown in Bombay this year. It is claimed for it that it cost a quarter of a million pounds, which it is not difficult to believe The film is founded on Auber's well known opera "Masaniello," or "The Dumb Girl o. Portici." It is rather long. It is in eigh parts. But it is one of the very few films which are all the better because of its length, for there is artistry in every scene, and none of the scenes are so captivating at those in which on the sea beach of a Bay of Naples fishing village Pavlova dances to the music of the wild waves. Then we begin to realise why it is that Pavlova has taken London by storm.

The film has twice been shown at Buckingham Palace. There is fascination in the subject, there is fascination in the setting and above all there is fascination in the wonderful dancing of which we get occasional glimpses. "Masaniello" should be a film worth seeing even for those not ordinarily attracted by the cinema.

Special music to be played by the orchestra under the direction of Mr. da Costa includes Spanish ballot music and excerpts from 'Masoniello."

THE EMPRESS.

"The 1,001 Nights" or "the Sultaness of Love," is the big attraction this week. It is the first big coloured picture turned out from the Pathe studios since the end of the great European War and contains not only a beautiful story, but is staged on a scale of great magnificence as befits a story round the romantic kingdoms of Three Mahomedan Rulers which are adjacent to each other. The story centres round the beautiful daughter of another Sultan whom each desire, but her love is for a young fisherman who saved her life. Her refusal of various offers from the leading Sultans leads to many exciting scenes of strife before there is a happy ending to the unsmooth course of love.

WEST-END CINEMA.

Messrs. K. D. and Brothers are offering this week at the West-End, a breezy domance with Mable Normand in the principal role. The drama is entitled "Upstairs" and is a continuous feast of laughter and merriment. A ragtime romance with cupid at the Drums! That describes Mabel Normand's newest Galdwyn Picture, "Upstairs," which comes to the Blank Theatre on..... Blossoming from a tomboy "hashslinger" in a big hotel into a ragtime queen of a ragtime cabaret is the surprising two-in one role portrayed by dashing Mabel Normand.

"Upstairs" is Mabel Normand's latest Goldwyn Picture. A festival of fun, chock full of the kind of comedy that has made Miss Normand the screen's favourite comedienne.

GLOBE CINEMA.

The Indian Mythological film "Krishna Janma" be screened at the Globe Cinema this week. This Indian production created a stir sometime ago when it was presented in Bombay—and ever since the Globe patrons have kept on asking for its repetition. Some very striking photography is to be seen in this film work. On Monday next, Messrs K. D. and Brothers are putting up only for one day their Million Dollar Masterpiece "Salome."

LABOUR ACTIVITIES.

The Secretary of the Bombay Central Labour Federation under date Aug. 11 writes:

A meeting of the Tramwaymens' was held at the Marwari Vidyala on Wednesday night, Mr. L. R. Tairsee, presided.

Mr V. M. Pawar advised the formation of a Finance Committee of the workers, which was done. A Conductor was appointed Joint Treasurer.

VICTORIA DRIVERS' UNION.

A meeting of the Victoria drivers' was held on the Bori Bundar Maidan on the 11th instant. Mr. A. B. Kolbatkar presided. Messrs. Kolbatkar and Chaman Lall explained the nature of Trade Unionism to the men and advised them to muster in their thousands on Monday "Id." day, on the Maidan at 3 p.m. when they would be addressed by Mr. Joseph Baptista regarding the final decision to be taken in order to obtain redress of their grievances.

NEW ISLAM MILLS' UNION.

Mr. V. M. Pawar has been negotiating on behalf of the dismissed men. No satisfactory replies have so far been received by the Union from the employers.

MOTOR WORKERS' UNION.

A mass meeting of Motor Workers Union will be held at the Marwari Vidyalaya on Sunday at 3 p.m. Mr. Baptista will preside.

MILL LABOURERS.

Daily Holy Communion at 7-45 a.m.

On Wednesdays, Choral Evensong at 6-30 p.m.

BOMBAY POLICE COURT.

CHARGE OF TRESPASS.

FURTHER HEARING.

At the Esplanade Police Court, before Mr. G. R. Khairaz, Acting Third Presidency Magistrate, Inspector Newby charged one Ramkrishna Ramchandra, a goldsmith with trespassing a house with the intention of committing an offence under Section 151 of I. P. C.

Prosecuting Inspector Finan conducted the prosecution. Mr. Upadhya, pleader defended the accused and Mr. Vijaykar, pleader appeared for the complainant.

The full details of the case have already been reported in these columns, yesterday.

Mr. Khairaz, the Magistrate drew the attention of the prosecuting Inspector Finan to Sections 162 and 165 of the Evidence Act and asked him to bring them to the notice of the Superintendent "B" Division and also to the Commissioner of Police, so that no difficulty might crop up with regard to the production of the statements at the next hearing.

The Magistrate, further asked Mr. Finan whether he could produce in the Court the substance of the statements incorporated in the so-called "Crime Report."

Mr. Finan said that as he had already informed the Court, the "Crime Report" of the case in question was in the possession of the Commissioner of Police. He would have been too happy to produce the report, if he could have done it.

Mr Khairaz, then, said that he had issued summons against Inspector Newby for the production of the "Crime Report" containing the statements of the witnesses in the case. The Court had carefully considered all that had been urged by the prosecuting Inspector in favour of his argument and the Court held that there was no substance in Mr. Finan's arguments in favour of the non-production of the statements.

Mr. Finan, submitted that the "Crime Report" did not contain the statements of witnesses.

Mr. Upadhya, pleader, stated that he was informed by Mr. Vijaykar who appeared for the complainant and Mr. Deshpande, pleader, that they had seen the synopsis of the statements in the so-called "Crime Report" of this case and that Deputy Inspector Lyons had shown the same to them at the first hearing.

Mr. Vijaykar confirmed Mr. Upadhya's statements and said that he could even state the time and the place when Mr. Lyons had shown him and Mr. Deshpande the "Crime Report" in question. He, further, said that Mr. Lyons showed him the statements in the papers he had with him on the first day and particularly read out the statement of the complainant's wife, Chandra Bhaga Bai. He distinctly remember certain words from that statement.

As already stated, the Court had very carefully considered the point of law involved and His Worship had no doubt that Mr. Upadhya's arguments were right when he urged the Court that it should call for and read the statements or a summary of the statements of witnesses made before the police.

His Worship, further, observed that he as a Magistrate had powers under the Evidence Act to insist upon the production of any document when such production was necessary in the interests of justice. He gave an opportunity to Mr. Finan to communicate with the Commissioner of Police in regard to the production of the statements in view of the Court's decision.

His Worship, continuing said, if the Police thought that his order was bad in law, it was open for them to move the higher, authorities; but as long as his order remained unchallenged it ought to be and should be obeyed.

Mr. Finan informed the Court that Inspector Newby had communicated with the Commissioner of Police who desired that a copy of the order of the Court should be obtained.

The Magistrate, accordingly ordered a copy of the case to be furnished at once.

On account of the want of time the case was postponed till the 19th of August. The accused was ordered to be released on bail for a sum of Rs. 50 and one surety of a like amount on the application of Mr. Upadhya.

Mr. Finan did not object to the application.

DEATH OF A HINDU WOMAN.

DUE TO SUFFOCATION.

Rama Babaji, a Hindu labourer, residing in a Chawl at Haines Road, returned from work at 9 p.m. on the 2nd instant and asked his wife Luxmibai, aged 25 years to give him food. His wife who was at that time lying on the floor did not listen to his request. He got enraged and slapped her twice on the face, whipped her with a cane, caught her by the arm and tried to take her to his sister on the 1st floor. She could not be taken upstairs as she was crying very bitterly. The next morning she vomitted and died after some time. A neighbour brought the matter to the notice of the Police who took the body of the woman to the morgue and arrested the husband.

On post-mortem examination it was found that the cause of her death was suffocation due to food being drawn into air passages, and the cause of vomitting was the fracture of the base of the skull.

An inquest was held on the body of the deceased woman yesterday afternoon. The jury returned a verdict in accordance with the medical opinion and added that there was no evidence to show how the fracture occured, though the husband had assaulted the deceased the night before.

WHEAT CROP.

(ASSOCIATED PRESS.)

CALCUTTA, Aug. 11.

The Department of Statistics has issued the final memorandum on wheat crop of 1920-1921. Total area is 257,22,000 acres, as against 299,49,000 acres last year, showing a decrease of fourteen per cent. Total yield of the crop which has already been harvested is estimated at 67,09,000 tons, as against 101,22,000 tons last year, or a decrease of thirty-four per cent.

The present estimate of the yield as compared with the final figures of last year shows a decrease of eighty-nine per cent. in Hyderabad, fifty-eight per cent in Central Provinces and Berar, fifty-one per cent in Northwest Frontier Province, forty-four per cent in Bombay, forty-one per cent in the Punjab, twenty-three per cent in Central India, twentyone per cent in United Provinces, twenty per cent in Baroda, seventeen per cent in Rajputana, nine per cent in Behar; while there is increase of twenty per cent in Ajmer Merwar and eleven per cent in Bengal.

The teaching staff of the Lucknow University has been strengthened by six additional appointments among them being some well-known names. Among the readers in law are Dr. Jaikarnath Misra, and Hyder Husain and J. N. Chak, Barrister-at-Law. Rev. E. M. Moffat is the head of the Commerce Department and Mr. K. C. Pandalai, lecturer. Karam N Bahal will be a reader in Zoology. Various classes have commenced work. (A.P.)

THE WEATHER.

(Associated Press.)

SIMLA, Aug. 12.

Monsoon has been weak in northeast India but active generally elsewhere. hTe eastern end of the trough of low pressure is still over north to Bay but no depression has formed there. Rainfall has been nearly general in Bay Island, Lower Burma, Chota Nagpur, West United Privinces, Lower Sind; Central India east Central Provinces, Konkan, Malabar and local in Upper Burma, east United Provinces, south Punjab, Rajputana, Central India west, Hyderabad; Mysore and north Madras coast. A few falls also occurred in Assam Bengal, Orissa, Bihar, Gujarat, Bombay Deccan; south-east Madras.

Chief amounts:—Table Island two inches, Moulmein one and half, Kyaukpyu three, Akyab, Lashio two, Myitkyina four Benares and Meerut one and a half, Allahabad one, Dehra Dun three; Mussooree two Delhi four; Ambala and Multan a half, Dalhousie one and half, Karachi two, Bikaner and Kotah a half, Jaipur one and half; Ahmedobad one, Nowgong one and half Sutna two; Saugor, Jubbulpore, Nagpur and Raipur one, Chanda four, Pachmarhi three Mangalore two, Nizamabad one and a half Mercara three.

Forecast:—Extension in north Punjab.

HEAVY RAIN AT KARACHI.

(ASSOCIATED PRESS.)

KARACHI, Aug. 11.

Since last evening six inches of rain has fallen in Karachi. The Malir river is four feet in flood. The railway line is blocked between Landhi and Malir, the mails and passengers of S down and 1 up to-day and 23 up will be transhipped. Landhi local trains will run between Karachi and Malir. The Karachi streets are flooded, water being several inches deep in some places. No casualties by falling houses are reported.

Several cholera cases are reported among the refuges from the Makran coast.

DAILY WEATHER REPORT.

Summary of observations recorded at 8 hours on Friday the 12th August 1921, giving data for the preceding 24 hours.

The Punjab.—Rain has fallen nearly generally in the southeast and locally in the southwest of the division; Multan report s 0.45", Ambala 0.65" and Delhi a heavy fall of 3.65". Skies are clear at Rawalpindi, lightly clouded at Multan and moderately or heavily clouded elsewhere. Hpmidity is in excess and tempera ture is nearly normal.

The United Provinces.—There has been nearly general rain. Agra reports 0.22", Jhansi 0.25", Cawnpore 0.11" and Allahabad 1.13" Skies are moderately clouded and at Mainpuri and Jhansi humidity is in excess.

Sind and Rajputana.—Rain has fallen nearly generally in south and east Rajputana and in lower Sind; Jaipur reports 1.43", Kotah 0.5", Mount Abu 0.41" and Karachi 1.99". Skies are lightly clouded in upper Sind and moderately or heavily clouded elsewhere Humidity is in excess at Jaipur; day temperature is lower than usual at Ajmer and night temperature is below normal at Karachi.

Gujarat, Kathiawar and Central India West.—Rajkot, Ahmedabad and Indore report 0.16", 0.90" and 0.10" of rain respectively. Skies are heavily clouded and humidity is nearly normal or in slight excess.

The Central Provinces.—Rainfall has increased and has been nearly general; Jubbulpore reports 1.20", Saugor 0.90" Hoshangabad 0.24", Khandwa 0.20", Amraoti 0.10", Nagpur 1.15", Chanda 3.81" and Raipur 0.90". Skies are heavily clouded and at Amraoti day temperature is lower than usual.

The Konkan.—Rainfall has been nearly general; Ratnagiri reports 0.48" Mormugao 0.27" and Karwar 1.11". Skies are heavily clouded and humidity and temperature are nearly normal.

The Bombay Deccan and Hyderabad.—Rain has fallen at Belgaum and Nizamabad, the amounts reported being 0.32" and 1.72" respectively. Skies are heavily clouded and humidity and temperature are nearly normal.

General Remarks.—The monsoon is givorous over the northern half of the reporting area There has been an extension of rain in the Central Provinces, the United Provinces and the south Punjab. It has been nearly general in Malabar, the Konkan, the Central Provinces, the United Provinces south and east Rajputana and the southeast Punjab and local in lower Sind and the southwest Punjab with a few falls in the Bombay Deccan and Hyderabad, in Gujarat, Kathiawar and Central India West and in southeast Madras and on the north Madras coast. Delhi reports a heavy fall of 3.65" and Chanda of 3.81"; other principal amounts being 2.13" at Mangalore 1.72" at Nizamabad, 1.99" at Karachi and 1.43" at Jaipur. The sea is moderate or rough on the Kathiawar and the Sind coasts.

Forecast.—Rainfall is likely to be nearly general in Malabar, the Konkan, the Central Provinces, and the United Provinces and local in Rajputana and the Punjab with a few falls in the Bombay Deccan, Hyderabad, Gujarat, Central India West, Sind and on the north Madras coast. It is probable that there will be a decrease of rain in Sind and Rajputana.

India Telegraphic Summary for the 11th August 1921.

The monsoon has weakened in the central parts of the country and north-east India, but has strengthened in Upper Burma and Sind. The trough of low pressure projects into the north of the Bay where a depression is probably forming. Rainfall has been nearly general in the Bay Islands, Lower Burma, Chota Nagpur, Lower Sind Rajputana excluding the north, Gujarat, the Konkan and Malabar and local in Upper Burma Orissa, the east United Provinces, Central India the Central Provinces, the Bombay Deccan, Hyderabad, southeast Madras and on the north Madras coast. A few falls have also occurred in Bengal, Bihar, the west United Provinces and the east Punjab.

Chief amounts not already shown in the Bombay Report are:—Fort Blair, two inches; Table Island four; Victoria Point, Akyab two; Mergui, Tavoy, Diamond Island three; Moulmein four; Rangoon one and a half; Bassein one; Kyaukpyu five; Yamethin, Calcutta, Darjiling one; Lucknow a half; Ludhiana one; Dalhousie three quarters; Hyderabad (Sind) a half; Udaipur one and a half; Sutna one and a half Mercara two; Cuddalore one and a half; and Cocanada and Vizapatam one.

Erratum.—In India Telegraphic Summary for the 10th August 1921 printed in yesterday's report for "Calcutta four" please read "Calicut four."

* * * *

Lieut.-Col. E. H. W. Lascelles who visited Madras in connection with army education interviewed by press representative said that as a result of modern warfare one has discovered that the soldier has not only to be trained in a multitude of things, like musketry, outposts, reconnaisance, gas and antigas methods but the soldiers's job demands from him intellectual equipment which is found to be of considerable help by those engaged in civil life. Asked about the immediate objects aimed at by this army education the Lieut.-Colonel replied that they were firstly, to increase the military officiency, and, secondly, to prepare the soldier for return to civil life as an efficient citizens. (A. P.)

SPORTING NEWS.

POONA RACING SEASON.

3rd. EXTRA MEETING

SELECTIONS BY "JOVE."

THE REAY PLATE.—Distance 1 mile.

Had this race been something over a mile I should have Plaxtol and Red Quill. As it is however too short for either of these. I like Antic to win, with Plaxtol second and Piccolo third. In spite of Dori being in the picture last week I will have nothing to do with him as I don't think it was more than a creeping match the last time he got third.

THE BRISBANE PLATE.—Distance 5 furlongs.

I should think this is a good thing for Belle Syme, though I have little confidence in most of the light weight jockeys riding at present.

Stellite showed improved farm every time out almost in Bombay and if Purtoosingh is up cannot be out of the first two. Belvedere or Crushed Glass in case of scratchings.

THE MONSOON PLATE. Division I.—Distance 1 mile.

The previous time I mentioned Box of Tricks he stumbled shortly after starting, but if he doesn't repeat this performance I like him to win. I saw Claim A putting in some good work over 7 furlongs last time out and like him if Box of Tricks cannot stay the mile.

Steel Blue I consider a certain place with Flotelle in case of absentees.

THE MONSOON PLATE. Division II.

If Huxley is up to drive White Bell along he will be hard to beat. My Patsey ran a good race last time out and will be knocking this time.

Tourney should be close up and pay well. Festivity amongst the unknown quantities did well as a 2 year old.

THE PATIALA PLATE.—Distance 6 furlongs.

If all I hear about Jovial is anywhere near the truth he should win this on his head but as he was not in the hunt on his first outing in a terms race with 6.11 I will want to see more of him before I would trust him with my money. I think the race lies between the three top weights with a preference for Townsend's Mount, Maiden Palm

THE GHORPURI PLATE.—Distance 6 furlongs.

The horse that beats Nevermind should win here I think. Arthur and Magdala cannot be far out with Dublin as an upset.

THE BASRA PLATE.—Distance 1 mile.

Huntsman looks the best here with Winning Post and Ruby Mine for places and Karikata as the outsider.

The jump race I leave for those who back colours and by the stars. They have something to guide them, I havn't.

HORSES LEFT IN.

(From our Racing Correspondent.)

POONA, Aug. 12.

The following are the horses left in for tomorrow's Poona races:—

(First race starts at 2-45 p.m.)

THE REAY PLATE.—Distance 1 mile.

Carborundum 9-4, Red Quill 9-0, Antne 8-11, Thunder 8-10, Cyanite 8-7, Gadtuna 8-5, Treasury 8-1, Piccolo 8-1, Plaxtol 8-1, Dori 8-0, Pharpar 7-10, Pine Tree 7-7, Miserable 7-2.

THE BRISBANE PLATE.—Distance about 5 furlongs.

Black Walnut 9-8, Belvedere 9-5, Liberty 9-5, Divide 9-3, Fretwork 9-2, Caraway 9-2, Crushed Glass 9-1, Forward III 8-12, Dayspring 8-12, Heart Free 8-9, Fussy 8-6, Marmansk 8-4, Little Trout 8-2, Arclight 8-0, Catchup 7-13, Lover True 7-12, Cahir Lass 7-10, Stellite 7-9, Mist 7-7, Belle Syme 7-4, Verna 7-0.

THE PATIALA PLATE.—Distance 6 furlongs.

Maiden Palm 9-12, Discarded 9-8, Sugar Cane 8-13, Jivial 8-7, Delegate 8-7, Mountain Apple 8-4, Black Stone 8-2, Cuidon 8-0, Cobblo 7-13, Better Luck 7-12, Black Friar 7-6, Belgraven 7-4, Toddy 6-8.

THE BASRA PLATE.—Distance 1 mile.

Ruby Mine 9-5, Cessation 9-2, Mandil 8-13, Kayid 8-11, Warminster 8-9, Ferry Boat 8-9, Union Jack 8-9, Nizam-ul-Mulk 8-7, Karikata 8-7, Shahzada 8-5, Chieftain 8-1, Waabil 8-1, Khaboor 7-13, Winning Post 7-13, Bismark 7-10, Balloon 7-5, Peninsula 7-0, Huntsman 7-0.

THE MONSOON PLATE. Division I.—Distance 1 mile.

Penny Pie 9-10, Joyous Guard 9-10, Mametz 9-6, Archer 9-4, Gipsy's Advice 8-13, Spearwood 8-11, Beggar Prince 8-10, Decorum 8-10, Flotelle 8-4, Matchlock 8-4, Gentle Saxon 8-3, Box O' Tricks 8-2, Steel Blue 8-0, Claim A 7-13, Eccleston 7-11, The Lark 7-9, Rock Ferry 7-8, Magical Mike 7-6, Another Night 7-5, Warburton 7-3, Hebernia 7-0, Charles William 6-12, Elphene 6-12.

THE MONSOON PLATE. Division II.—Distance 1 mile.

Ramadan 9-7, Marcodia 9-6, Summer's Joy 9-3, Princess Ila 9-0, Gold Reef 9-0, Millmount 8-12, White Bell 8-11, Heart Law 8-10, Liodicea 8-9, Oregon Pine 8-7, Gunda 8-3, Belstead 8-2, Limehouse Lights 8-1, Festivity 7-13, Kins Own 7-13, Tourney 7-11, My Patsey 7-7, White Simon 7-4, Rosy Tread 7-4, Sage 7-1, Miss Glad Eyes 7-2, Easter Holiday 7-0.

THE GHORPURI PLATE.—Distance 6 furlongs.

Andolis 9-6, Waterloo 9-2, Bhookhri 8-8, Nevermind 8-3, Tiger 8-1, Taj 7-13, Desert Flower 7-12, Dublis 7-12, Grey Renard 7-11, Golshan 7-7, Beadmaker 7-3, Arthur 7-3, Magdala 7-2, Shanavaz 7-0.

THE SANDOWN STEEPLECHASE.—Distance about 2½ miles.

Flying Fox 11-5, Elham Valley 11-5, Count Hannibal 11-5, Yuan 12-3, Daroj II 12-3, Maud Allen 11-5, Centre 11-5, Baldonnell 11-5, Dark Legend II 12-3, Isle O' Sky 12-10.

THE BOMBAY CHRONICLE.
Saturday, August 13, 1921.

RACIAL EQUALITY OR ARROGANCE?

The doctrine of racial equality is foreign to Imperial practice, and the honest acceptance of the principle will deprive the oligarchy of the white race of the preferences that have enriched them at the cost of the majority of the people. The rule of racial preference runs right through the fabric of Imperial administration. There are those who think it to be so inseparably bound with the maintenance of the Empire, that they see no future consistent with self-respect for subject nations, within the federation that formally and actively recognises it. In 1909 when the South African Union Bill was passed, the British Parliament expressly enacted that only those of European descent could sit in the Union Parliament. The exclusion was not due to any aberration of the local legislature subsequent to its formation: it was the decree of Parliament itself, under a Liberal Administration. A well-known English journal said at the time: "Every tragedy has its comic aspect, and there is a certain grim humour in our sentimental pro-native Radical Parliament passing a great measure of local self-Government with a rigid colour-bar excluding the natives who constitute at least four-fifhs of the population of South Africa, from all practical share of its Government either now or hereafter." Four-fifths of the population having been consigned to perpetual helotry, it is permissible to infer that the Lords and Commons of the United Kingdom in Parliament assembled, know well of the economy of having a white oligarchy to exploit the helpless inhabitants of another country. Without the perpetual disfranchisement of the people, there was no attraction for the Empire-builders. The well-known Liberal, Mr. J. A. Hobson, said at the time: "To describe as a self-governing nation the white oligarchy that has, with our connivance, fenced itself against the admission of the ablest and most progressive members of races living in their midst and by general admission capable of a civilisation at least as high as that of the ordinary white wage-earner, is an outrage to political terminology." In the case of the so-called Kenya Colony, the object of the white intruders is to imitate the practice in South Africa, with this difference that while they unblushingly talk of intended benefits for the native, the South Africans are free, through Parliamentary statute, to ignore the native altogether. We have often quoted the words of Mr. Churchill who after his East African journey solemnly put it on record that it would be a piece of infamous betrayal to rob Indian settlers of the fruits of their labour. It is the same Mr. Churchill who is now Colonial Secretary, apparently oblivious of that conviction. In East Africa, Europeans do not want to give fair franchise to Indians. There is no racial equality there. In Fiji, the white settler by political artifice and the denial of equal rights to Indians, dominates in the Government and in the legislature. We do not know where, in the Dominions and "Possessions", Britain ever stood for racial equality. The interests of the White-man's Booty, misnamed the Whiteman's Burden, appear to be the ruling characteristic of the Empire, inasmuch as other sections of the human race have been enthralled and yoked down with disabilities.

A glance at Indian conditions shows the prevalence of the same practice, despite periodical attempts to hide its shame with rags of sentiment. The "Times" once honestly proclaimed that "an Empire which has been conquered by the sword and by breaking every commandment, cannot be retained by the Sermon on the Mount." Racial discrimination soaks through the conditions of British rule in India. In law, in national defence, in every-day administration, in trade and in the ordinary amenities of life, the white man enjoys superiority of treatment. Chapter XXXIII of the Criminal Procedure Code which prescribes special proceedings for the trial of European offenders has been virtually a charter of license and racial immunity. The European can only be tried by a Sessions judge, who must himself be a European, and he can claim to be tried by a jury of his own countrymen. When even palpable butchery like that of Dyer is to the community a subject of pride and congratulation, it is easy to realise the effect of this concession as frequently illustrated in criminal proceedings. No Sessions judge may sentence a European offender to more than one year. Only the High Court, restrained by a jury of which the majority generally consists of Europeans, may dream of inflicting a severer sentence. These invidious distinctions exist on the statute-book, and it is impossible to talk of racial equality in the eye of the law. A superficial show was made of doing away with the discrimination in the Arms Act, but we know how it was resurrected in the rules. Coming to service in the Army, the superior offices are reserved, a fact which is not discounted by the exceptions made in favour of a big man's nephew or a bigger man's son-in-law. The ancestors of present-day Englishmen who knew Indian mettle in the field of battle, would turn in their grave at libels about the inborn effeminacy of the Indian. In the public services, the higher posts are invariably the prize of Europeans. The Police service in the higher grades is their monopoly, while in the lower ranks a serjeant enjoys pay and privileges in excess of his Indian brother-officer. The very idea of recruitment at "Home" as the rule, and admissions in India as the exception, contradicts the theory of fair play. In the railways, the Indian has no existence, and in the lower ranks a Europeans guard gets pay and quarters which are an impertinence for an Indian doing the same duty to expect.

In the larger fields of competition and commerce, Indian interests have to be constantly sacrificed. Third-class coal becomes admiralty coal, when the colliery has changed hands. When facts were related by Lala Harkishen Lal, the Industrial Commission was scandalised and had to turn tail. The present fabric of the import trade was built on the deliberate ruin of Indian industries. Writing of the industrial advance of Britain, an Englishman says: "The first impetus was given by the plunder of Bengal, which after the victories of Clive, flowed into the country in a broad stream for about thirty years. This ill-gotten wealth played the same part in stimulating English industries as the five milliards extorted from France did for Germany after 1870." Dishonest Imperialists do not like to be reminded of the canker of racial discrimination which has been, materially and morally, devitalising the nation; but now that we talk of introducing the elements of racial equality and fair play, let us at least realise the intense existence of the evil. No fresh pledges are needed; we have had enough and to spare since 1858. But Indian self-respect has not been so deadened, yet, as to accept the view that what remains is the "placing of racial equality on a firmer basis", when the whole constitution and practice of the Empire has been to exalt a white oligarchy at the expense of races whose inexpiable sin it has been to lack a particular chromatic distinction.

Notes of the Day.

The Charkha and Beauty of Life.

The noisy West has, largely, succeeded in imposing its formula of life on those whom it chose to regard as belonging to some obsolete phases of humanity. The almost complete disappearance of what are called the decorative arts for ages associated with Indian households is an indication of this fact. These things of joy and beauty were an indispensable part of Indian daily life. Indian artist craftsmen created them in such abundance that good taste had become a matter of instinct with the people. In losing that taste Indians have lost not only the beauty of things, as Mr. Kakasu Okakura in his "Ideals of the East" remarks, "but the joy of the worker, his individuality of vision, and the whole age-long humanising of her labour." The taste was not the mark of the accomplished or the wealthy few. It belonged to the community. We could, therefore, ill afford to lose it. It is not Asia but Europe that regards it as esoteric. Asia has never been guilty of such exclusive cults. There is, therefore, nothing extraordinary in the fact that the *Charkha* and the handloom, symbolising the resuscitation of Indian arts and crafts and all that is implied in them, should appear to Western understanding esoteric symbols. There is nothing esoteric either in them or in all that is said about their claim to secure the recovery of the things we instinctively regard as indispensable. On the contrary, all that is a commonplace of Indian national experience. Has Western "civilisation" reached the depth where joy and beauty in life are viewed not as indispensable assets but as esoteric and impossible of achievement by the people? However that may be, Indian tradition, as emphasised by the author of the "Ideals of the East", has been that "to clothe oneself in the web of one's own weaving is to house oneself in one's own house, to create for the spirit its own sphere." Let the *Charkha* and the handloom humanise labour and bring back joy and beauty to our daily life.

The Late Mr. Bharda.

We hope the pupils of the late Mr. Bharda and his friends and admirers will muster strong at the public meeting to be held to-morrow at the Excelsior Theatre to honour the memory of and raise a suitable memorial to that exemplary teacher. The student world, too, outside the New High School, would do well to participate in the function and testify to the feelings of gratitude they cherish towards one who was a fountain of inspiration for many of them.

A Hard Case.

The Government of India have brought into force a scheme for the education of the children of all men of whatever rank, whether combatants or non-combatants, who may have since the beginning of the War died while on active service or become permanently incapacitated owing to wounds or disease contracted while on the active list. We are not in a position to say how far the scheme is working satisfactorily, but we have before us a case which makes us seriously doubt whether the relief which the authorities in the various provinces are giving to the families of those permanently incapacitated is at all adequate. The case concerns Jemadar S. B. Telang of the Post Office Unit, who was deputed during the war from the Central Circle, Nagpur, as Inspector of Field Post Offices in Africa and Mesopotamia, and who returned incapacitated and was invalided by a Military Medical Board held at Mhow in January 1918. Mr. Telang is receiving a pension of Rs. 37-8-0 only, though he had put in over twenty years' service. According to the rules for the education of children of Indian soldiers and followers promulgated by the Government of India, all of Mr. Telang's children, if they are of school-going age, are entitled to free education. Mr. Telang has got four children, three daughters and one son, who are attending school in Indore and one daughter who is not yet of school-going age. Mr. Telang's two elder daughters are receiving Rs. 10 per month each, the son who is in the 2nd Marathi class, receives a bare allowance of Rs. 2, while, strange to relate, the fourth child, Suman, is receiving no grant, though Mr. Telang has sent more than one appeal for help to the authorities. We may quote here the reply received by Mr. Telang from the First Assistant to the Agent to the Governor-General in Central India, dated 4th April, 1921:—

"In reply to his application dated the 28th January 1921 applying for a scholarship for his 4th daughter, Suman, Mr. Telang is informed that the Agent to the Governor General regrets that he does not feel justified in granting further assistance in view of the grants already sanctioned. As the pupil is studying in a State School it is possible that a concession might be obtained from the Durbar."

Direct Violation of Rules.

We have no hesitation in declaring the action of the Central India Agency to be in direct violation of the rules framed for the education of the children of Indian soldiers and followers. The rules clearly lay down that each and every child should be helped to receive education. What help the other children have been receiving is for their own education. All the children must be separately provided for and it is preposterous for the authorities in Central India to suggest that the fourth child should go without education, because some official in the Agency "does not feel justified in granting further assistance." Indeed, Mr. Telang has been complaining that what his other three children are receiving is insufficient to meet the expenses of their education. The children are living in the school hostel and the hostel charges and cost of books, etc. [illegible] 15 monthly. But they are [illegible] 10 each in the case of the girls and Rs. [illegible] in the case of the boy. The denial of help to the fourth child is clearly illegal and we hope the mistake will be rectified. Mr. Telang had applied for a free ear-phone from the Indian Soldiers' Board, Simla, so far back as January last, and he is told that the matter is still "under consideration" of the medical authorities there! Such is the promptitude with which those who rendered loyal services during the last war are being rewarded in this country! Mr. Telang has also been pleading that his pension is too little to support his large family and that it ought to be increased. But the request remains unfulfilled. Mr. Telang has further been imploring the Postal Department, the Indian Soldiers' Boards in Central India at Simla and Bombay, for some employment, so that he may be able to keep the wolf from the door, but none of them have any job for him—not even that of an orderly! Such is the reward of loyalty to the King and the Empire that Jemadar Telang is receiving for "services rendered." As a last resort, Mrs. Telang has addressed an appeal directly to Lord Reading, setting forth all the pathetic circumstances and imploring his Excellency to intervene in the matter and afford the relief which her disabled husband and family so badly need.

Poona Seva Sadan Society.

This institution was started in 1909 with the object of making grown-up and poor but respectable women self-reliant and training them for social service. Mr. G. K. Devadhar of the Servants of India Society took the lead in the matter and he was fortunate at the outset in securing the active assistance of Mrs. Annapurnabai Apte, Mrs. Janakibai Bhat, Mrs. Yamunabai Bhat, Dr. P. U. Shikare and Dr. V. C. Gokhale. The beginnings of this Society were humble—it had not an inch of ground to call its own, nor a single rupee. But now the institution owns property worth Rs. 1,50,000 and has an annual income of Rs. 42,000, thanks largely to the gifts of Sir V. D. Thackersey, Mrs. Ramabai Ranade and the Wadia Trustees. The Society has seven departments subdivided into 47 classes and in these departments provision is made for training women as nurses and midwives and as mistresses for girls' vernacular primary schools. Moreover, there are primary classes for grown-up women and special classes for teaching English up to the fifth or sixth standard. In addition to these, there are sewing, embroidery, hosiery, weaving and music classes. The total number of women and girls on the rolls is 741 and it is expected that it will increase to 800 shortly. Hostel accommodation is provided for most of these students. On the whole, the Society is a flourishing institution and we have no doubt that with greater encouragement, financial and otherwise, from the public, it will become the leading institution in India for the material and moral welfare of women.

The Rival Claimants.

Unmindful of the denials of our "Moderate" contemporary of Allahabad, the "enterprising advertisement manager" of the Tata Publicity Corporation goes on proclaiming to the wide world that the "Leader" is one of the journals published by the Corporation. Here is an advertisement appearing in a prominent position in the latest (Aug. 6th) number of the "Looker-On":—

6 BUSINESS GETTERS
INDUSTRIAL INDIA.
INDIAN BUSINESS.
INDIAN MOTORIST.
LOOKER-ON.
PRAJA MITRA.
THE LEADER
Published by
THE TATA PUBLICITY CORPORATION LTD.
Apollo Bunder Road, Bombay.

As the "Leader" itself announces every day at the bottom of its last page that it is "printed and published for Newspapers Limited," it is obligatory, we think, in the interests of truth and journalistic decency, for both Newspapers Limited and the Tata Publicity Corporation to come to an understanding between themselves and let the bewildered world know who precisely owns the "Leader" and for whom it is published by "Mr. Krishna Ram at the Leader Press, 14-A, South Road, Allahabad." Or, can it be that Newspapers Limited owns our contemporary's body and the Tata Corporation its soul?

TREATY OF SEVRES TORN UP.

NOT IN TURKISH INTEREST.

MR. VICTOR IN TURCO-HELLENIC WAR.

TO KEEP THE SPOILS.

LLOYD GEORGE'S NEW DICTUM.

(REUTER'S TELEGRAMS.)
LONDON, Aug. 10.
Recd. 6-30 p.m., Aug. 12.

Paris.—Addressing the Supreme Council on the Near Eastern problem, Mr. Lloyd George said that conditions had changed The Treaty of Sevres had been torn up by the Allies at the instigation of the Turks, though the Greeks were prepared to accept and act on it. The Greeks were, therefore, entitled to proceed on the assumption that the treaty no longer existed and M. Briand's former dictum that the victors were entitled to the spoils of victory applied to the present occasion.

TURKO-HELLENIC WAR.

SUPREME COUNCIL'S DECISIONS.

LONDON, Aug. 10.
Recd. 6-30 p.m., Aug. 12.

Paris.—The Supreme Council has decided that the Allies will maintain strict neutrality in the Turco-Hellenic war in which the Allied Governments will not intervene with any form of assistance involving the despatch of arms troops or credits, but freedom of private trade will not be interfered with. Thus private firms will be entitled to continue the supply of war material to the Greeks and the Turks. The Council decided to undertake a joint demarche with regard to the belligerents with a view to ensuring the freedom of the straits.

OPERATIONS TOWARDS ISMIDT.

LONDON, Aug. 10.
Recd. 6-30 p.m., Aug. 12.

Athens.—An official communique states that operations are making progress in the direction of Ismidt with a view to resumption of offensive.

"KEMALIST ARMY TOTALLY CRUSHED."

GREEK WAR MINISTER'S CLAIM.

LONDON, Aug. 11.
Recd. 6-30 a.m. Aug. 13.

Athens.—The War Minister, Theotokis, reviewing the military situation said that the Kemalist army had been totally crushed and was no longer of military importance. With regard to the prospect of peace, Theotokis declared that they did not wish to repeat past mistakes, and would demand guarantees that the enemy would be unable to attack Greece again, and also to secure the liberated populations against further oppression. Newspapers announce that the General Staff has decided that territories outside, the delimitation of the Turkish Treaty and occupied by the Greek troops shall be placed under an independent military administration under Greek laws.

NEAR EAST QUESTION DISCUSSED.

COL. HEYWOOD ON RECENT GREEK SUCCESSES.

LONDON, Aug. 10.
Recd. 1 p.m., Aug. 12.

Paris.—While Experts have been engaged with the Silesian Question, the Supreme Council has discussed the Near East situation and the Experts have presented reports. Colonel Heywood, formerly attached to the Greek Army stated that the Greeks' capture of Eskishehr and Afiun Karahissar has conferred freedom of movement which may have far-reaching consequences. He declared that the capabilities of the Greek Army were under-estimated. It is believed that the Powers have decided to accept the first request made either by Greece or Turkey for mediation.

GREEK ADVANCE.

IZZET PASHA ON INTERVENTION BY POWERS.

LONDON, Aug. 10.
Recd. 12 noon, Aug. 12.

Paris.—A telegram from Constantinople says that Izzet Pasha, Foreign Minister, declares that intervention by the Powers is at present inopportune and that a more favourable occasion should be awaited.

With regard to the concentration of the Greek Force at Chataldja, Izzet stated that he read with satisfaction the assurance published in the Press that Turkey was under the protection of the Allies, who would be able to defend her from any attack on Constantinople.

SAFEGUARDING OF INDUSTRIES BILL.

FRANCE'S PROTEST.

LONDON, Aug. 10.
Recd. 1 p.m., Aug. 12.

In the House of Commons at Question-time Mr. Harmsworth said that the French Government had protested against the Safeguarding of Industries Bill on the ground that it would adversely affect French Exports. The British Government had replied that it was impossible to give a full reply until the subject had been discussed. The attention of France, however, was called to the recent increase in the French Tariff, introduced with the avowed object of safeguarding the Industries against foreign competition. Mr. Harmsworth added that he must consult the Foreign Secretary before the correspondence could be published.

SOVIET LIBERATES AMERICAN PRISONERS,

UNDER PROTECTION OF LATVIAN PRISONERS.

LONDON, Aug. 10.
Recd. 2-15 p.m., Aug. 12.

Mr. Hodgson, Head of the British Commercial Mission to Moscow, in reporting his safe arrival says he has interviewed M. Chicherin and confirms that the Soviet has liberated all the Americans. The Americans have now been placed under the protection of the Latvian Minister, who is arranging for their repatriation.

BOYCOTT OF HIGH-PRICED COAL IN SCOTLAND.

MANY MINERS AGAIN WORKLESS.

LONDON, Aug. 10.
Recd. 2-15 p.m., Aug. 12.

An extraordinary sight on the Scottish Railways is the miles of unwanted coal-laden wagons alongside hundreds of empty goods trucks. This is the outcome of large consumers' refusing to pay the high prices demanded for coal, which, they contend, is three times more than the trade conditions can stand. Domestic coal also is severely boycotted. The iron-masters refuse to operate their blast-furnaces and there is famine of pig-iron. The locomotive builders at Glasgow have reduced their weekly working hours by sixteen owing to the cancellation of orders. Hundreds of miners are again workless.

MR. DE VALERA'S REPLY.

MR. LLOYD GEORGE LEAVES PARIS

LONDON, Aug. 11, 8-45 p.m.
Recd. 1 p.m., Aug 12

Mr. De Valera's reply has necessitated Mr. Lloyd George leaving Paris for London tomorrow.

DEATH OF ADMIRAL INGLEFIELD.

LONDON, Aug. 10.
Recd. 12 noon, Aug. 12.

The death is announced of Admiral Sir Frederick Inglefield.

It is understood that the Gyrkhas a race meeting will hold in Simla early in October commencing probably on the 8th.

MOROCCAN SITUATION.

GEN. NAVARRO'S POSITION CRITICAL

GRUESOME STORY OF GEN. SYLVESTRE'S FATE.

(REUTER'S TELEGRAMS.)
LONDON, Aug. 10.
Recd. 1 p.m., Aug. 12.

Madrid.—An official communique from Melilla says that the hostilities have ceased and the enemy forces appear to be less numerous. Other reports, however, state to the contrary and represent General Navarro's position as very critical. He and his men are dependent for water upon the ice conveyed each day by Spanish aeroplanes.

A gruesome story of the fate of General Sylvestre comes from Tangier to the effect that a party of Arabs are displaying the Spanish General's head on a spear.

OBSERVER OF AN AEROPLANE GOES MAD.

A PILOT'S DESPERATE SITUATION.

LONDON, Aug. 10.
Recd. 12 noon, Aug. 12.

The observer of an aeroplane, flying over Aldershot, to-day went mad and attacked his pilot who, however, after a desperate fight managed to land his machine though in so doing crashed slightly. The pilot was again attacked on the ground by the madman, whom the men from the aerodrome eventually overpowered. Paul Bulman, the pilot, is on the staff of the Experimental Section of the Royal Aircraft Establishment and was undertaking an altitude test in which oxygen was used. His observer became insensible possibly through a flaw in the apparatus and Bulman being alarmed began to descend when he suddenly received a blow on the head and found his observer temporarily unbalanced. The observer apparently recovered in half an hour after having been overpowered on the ground.

REDUCTIONS IN PRICES OF STEEL.

LONDON, Aug. 10.
Recd. 2-15 p.m., Aug. 12.

The South Wales Siemen's Steel Association has decided further to reduce the price of steel bars by another pound sterling per ton to 8 pounds 10 shillings in order to cope with foreign competition. The Belgian bars are being offered at Swansea for 7 pounds 5 shillings.

BRITISH TRADE RETURNS,

HUGE SHRINKAGE IN BUSINESS.

LONDON, Aug. 10.
Recd. 2-15 p.m., Aug. 12.

The Board of Trade Returns for July show huge shrinkage in business compared with July last year. The imports of £82,757,000 pounds worth registered a decrease of £82,172,000 pounds worth, while the exports showed a reduction of £94,280,000 pounds worth.

REDUCTION IN PRICES OF CARDIFF COAL.

LONDON, Aug. 10.
Recd. 2-15 p.m., Aug. 12.

Cardiff coal distributors have given notice of reduction of 8 shillings per ton in the price of household coal. There has been rapid slump in prices in Newcastle and yesterday steam coal was offered for 32/6 compared with 42/6 during the previous week. Good bunkers are now obtainable at 30 shillings.

HIS MEJESTY'S CIVIL LIST.

A PROGRESSIVE DEFICIT FOR YEARS.

LONDON, Aug. 11.
Recd. 0-30 a.m., Aug. 13.

In the House of Commons, to-day, moving the second reading of the bill authorising the Duchy of Lanchaster to realise a capital of a hundred thousand sterling and apply the proceeds to the revenue, Mr. Chamberlain made interesting revelatioins. His Majesty's Civil list has shown a progressive deficit for several years. It amounted to £24,500 in 1919, and £45,000 in 1920, and will probably be greater this year in spite of stringent economies practised by Their Majesties. Government seriously considered whether the House should not be invited to grant a temporary supplement but the King, bearing in mind the serious state or national finances public spiritedly declined to agree to add the charges to public funds. (Cheers.) The King would have been prepared to see a material reduction in the ceremonial splendour associated by tradion with the British Throne, but Government, as a mouthpiece of Parliament and the people of the Empire advised His Majesty that the dignity of the Crown should be maintained.

A Madras message of August 12th says at Friday's sitting of the Disturbances Enquiry Committee, Mr. P. C. Lobo, Chief Presidency Magistrate was examined. He deposed to his experiences during his visit to the scene of disturbance on the 29th June, 1st, 2nd and 3rd July. Mr. Wainwright next gave evidence as to the assault committed on him on the 2nd July. Two more witnesses were examined and the Committee then adjourned till the 13th.

DISARMAMENT CONFERENCE.

OPENS ON ARMISTICE DAY.

INVITATIONS SHORTLY TO BE ISSUED.

(REUTER'S TELEGRAMS.)
LONDON, Aug. 10.
Recd. 11-45 p.m., Aug. 12.

Washington.—Japan's acceptance makes a unanimous agreement on the opening of the Disarmament Conference on the Armistice Day. It is expected that the invitations will be issued without delay. The officials express opinion that prompt replies will hasten the negotiations into the second phase, namely the consideration of the list of the subjects to be discussed. It is expected that the invitations will merely state the general purposes of the conference and possibly contain the suggestion that each nation's principal representatives should aggregate only five or six. It is surmised that Mr. Hughes will head the United States group.

MR LLOYD GEORGE'S SPEECH IN SUPREME COUNCIL.

FAVOURABLE COMMENT BY GERMAN PRESS.

LONDON, Aug. 10.
Recd. 2-15 p.m., Aug. 12.

Berlin.—Mr. Lloyd George's speech before the Supreme Council is welcomed by the newspapers.

"Vorwaerts" rejoices at the repudiation of French cadre-rattling.

The "Allgemaine Zeitung" says it is the first important news from Paris and proved Mr. Lloyd George is abiding by his pre-conference view.

The "Deutsche Zeitung" says the speech is extraordinarily able and impressive.

The "Deutche Tages Zeitung" says his candour in regard to France is refreshing.

The "Boersen Courier" says it is premature to speak of British victory, but Mr. Lloyd George has achieved undeniable success.

SUPREME COUNCIL.

PRESS SATISFIED WITH PROCEEDINGS.

LONDON, Aug. 10.
Recd. 6-30 p.m., Aug. 12.

Paris.—10th. The newspapers are favourably impressed with yesterday's proceedings of the Supreme Council as indicating the prospect of a complete agreement shortly.

"GOOD PROGRESS,"

EARLY SOLUTION OF QUESTION EXPECTED,

LONDON, Aug. 10.
Recd. 0-30 a.m., Aug. 13.

Paris.—So far from there being any evidence of strained feelings among the committee of the Upper Silesia experts, who resumed their labours this morning, the proceedings were characterised by friendliness and cheerful atmosphere. It is understood that good progress is being made and it is believed that the solution on the question will be reached shortly. Meanwhile the Supreme Council is debating the Near Eastern situation.

QUESTION REFERRED TO LEAGUE OF NATIONS,

LONDON, Aug. 12, 12/15 p.m.
Recd. 0,30 a.m. Aug. 13.

The Silesian question has been referred to the League of Nations.

GERMANY FULFILLS OBLIGATIONS SATIFACTORILY.

SPIRIT OF CONCILIATION MANIFEST.

LONDON, Aug. 10.
Recd. 0-30 a.m., Aug. 13.

An important report has been received showing that Germany is satisfactorily fulfilling her obligations in respect of handing over arms. Only 223 big guns are left making a total of over fifty thousand, surrendered or deshroyed up to the 20th July. The correspondent adds that an undoubted spirit of conciliation is now being manifested in the Supreme Council in contrast to the recent irritation. The British Premier's policy of holding the balance even has greatly impressed his hearers. It is enticipated that the Council will rise on the 13th August.

INTERNATIONAL COURT OF JUSTICE.

PROPOSALS BEFORE LEAGUE OF NATIONS.

LONDON, Aug. 10.
Recd. 2-15 p.m., Aug. 12.

On behalf of Britain, the Dominions and India a batch of six ratifications of scheme for an International Court of Justice has been deposited with the League of Nations making thirteen already lodged, while several others are in various stages of completion Forty-one countries have signed the statute of a court and now it seems certain that 24 ratifications necessary to establish an International Court will be received before September and the second Assembly of the League will therefore be able to elect the judges and formally constitute the Court. The nomination of judges is progressing and among the famous the jurists' names which so far have been received are those of Mr. Elihu Root, nominated by Brazil, Doctor Roscoe Pound, of Harvard, nominated by Siam, M. Poincare nominated by Portugal and Lord Finlay nominated by Chili.

News from Waziristan shows that the Afghans are encouraging the Wana Wazirs to emigrate to Birmal in Afghan Territory by offers of assistance in digging irrigation channels. So far the scheme does not appear to be prosperng. (A.P.)

ESSENTIAL OF SUCCESS.

(BY M. K. GANDHI.)

To finish the boycott of foreign cloth programme before the 30th September next, it is no doubt necessary to revise our taste, revert to simplicity and cut down our wants to a minimum. No non-cooperator can afford to wear more than three articles of dress. We must not hanker after the Bezwada fineries but must be satisfied with the coarsest Khadi. But this is only a preliminary. Swadeshi will fail if we are not businesslike. We have hitherto tried to act on the students and they have responded to the best of their lights and ability. Many non-cooperating students are doing valiant work as pickets or propagandists. A non-cooperation school attracts to it all public activity. But we cannot achieve full success in Swadeshi through the schoolboys only. We must touch the hearts of the weavers of India. We must organise them. Those weavers who for want of scope for their art have left their calling should be induced to come back to it. We must hold their meetings and tell them why they should weave handspun yarn even though it may be uneven, and why they should consider it a sin to touch foreign yarn. Similarly we must induce carders (dhunias) to prepare slivers for spinning. We must also induce clothiers to introduce patriotism into their trade and sell handspun cloth and give up selling foreign cloth. We must have for Swadeshi shops inspectors who are experts in distinguishing between foreign cloth and Swadeshi and between handspun and machinespun. This great work cannot be done unless we are able to organise ourselves on a grand scale. And such organisation is utterly impossible unless every Congress body is able to concentrate upon Swadeshi, i.e. boycott and production to the exclusion of every other activity.

The ideal no doubt is for every village to spin and weave for itself just as to-day most villages grow for themselves. It is easier for every village to spin and weave for itself than to grow all its corn. Every village cannot grow wheat or rice, but every village can stock enough cotton and spin and weave without any difficulty. But it must be some time before we can arrive at that happy state. Meanwhile those provinces that are at all organised for the work, for instance the Punjab, must not only immediately exclude all foreign cloth from their own markets but must send out to the parts of India that need their superfluous stock of Khadi. The Punjab, Audhra, Bihar and Gujarat seem to be the best organised provinces for the manufacture of Khadi. And they must busy themselves with the work so as to anticipate a famine of Khadi.

And if we would do this great and glorious work, we must cease to talk, or if we do talk, our talk must take the shape of business. We must cease to wrangle and offer hair-splitting objections to every position as also to take interest in them if any one insists on indulging in these things. The Congress must cease to be a debating society of talented lawyers who will not leave their practice, but it must consist of producers and manufacturers, and those who would understand them, nurse them and voice their feelings. Practising lawyers can help by becoming silent workers and donors. I sympathise with them for their desire to be in the limelight. But I would urge them to recognise their limitations. Their day will come when the nation is again in a position to go to law-courts and debating assemblies for justice or legislation. To-day it has no faith in either, for they are corrupt beyond description. Both law and law-courts fail to do justice when the question is between the Government and the people. The test of their usefulness lies in their ability to abdicate evenly between the two parties, not in their giving just laws as between different parts composing the people. The latter justice is like that of the lion interposing to keep the lambs from eating one another or dying of disease so that he may have all of them for food.

CRICKET IN ENGLAND.

KENT V. AUSTRALIANS.

LONDON, Aug. 10.
Recd. 12 noon, Aug. 12.

The match between the Australians and Kent commenced at Canterbury to-day. The weather was fine but dull when the Australians having won the toss opened the first innings on a fast wicket before 10,000 spectators. Rain, however, necessitated abandonment of the day's play at 5-50 p.m. The Australians' score then stood at 297 for the loss of 4 wickets. Armstrong played a splendid innings of 102. Powerful driving was the special feature of his play and in the course of his innings, which lasted for 1 hour and 52 minutes, he hit 12 fours and gave no chances. Macartney made 132 not out. Macartney has now completed his 2,000 runs this season and ranks with Mead, who was the first to reach 2,000 mark this year.

FIFTH TEST MATCH.

Hitch and Sandham have also been invited to attend at the Oval for the fifth Test Match.

PUBLIC MEETING IN LAHORE,

SCENES OF GREAT ENTHUSIASM.

(ASSOCIATED PRESS.)
LAHORE, Aug. 11.

A crowded public meeting was held here this evening at Bradlaugh Hall, under presidency of Lala Lajpat Rai, when resolutions congratulating Sardar Sardul Singh, Syed Habib and Raja Ghulamkadir on their arrests and adopting decision of the All-India Congress Committee to boycott foreign cloth and pledging to wear Swadeshi cloth in the future, were passed.

After the resolution on the boycott of foreign cloth was passed Lala Lajpat Rai asked whether there was anybody in the audience who wanted to oppose the resolution. None came forward. He then asked those who were dressed in foreign clothes to discard them to be burnt. There was an immediate response and the people began to throw caps, turbans, shirts and coats. A large heap was collected. The clothes collected will be burnt on the 21st instant.

MUNSHI KAPUR SINGH.

PREFERS JAIL TO PAYING FINE.

(ASSOCIATED PRESS.)
SIMLA, Aug. 11.

The case of Munshi Kapur Singh, who was arrested and kept in the jail in connection with *begar* troubles in Simla Hill States, has been decided by Mr. Shersingh, Manager, Kanthol State (Simla Hills). The accused has been sentenced to one month's imprisonment to count from the date of his arrest and a fine of Rs. 200. Munshi Kapur Singh declared his unwillingness to pay the fine and said he was ready to undergo further imprisonment in default. The Manager, however, released the accused as his term of imprisonment had already expired, saying he would realise the fine in the usual course.

Swami Ramanand was present throughout the trial and watched the proceedings on behalf of the accused.

INDIGENOUS SYSTEM OF MEDICINE.

APPOINTMENT OF A COMMITTEE.

(ASSOCIATED PRESS.)
MADRAS, Aug. 11.

It is understood that Government have resolved to appoint a committee, consisting mostly of non-official gentlemen, to report on the question of recognition and encouragement of indigenous system of medicine in vogue in this Presidency. As the Government desire that a preliminary programme of the work be drawn up for guidance of the Committee before it is formally constituted and some indication should be given of the lines upon which the enquiry and report should proceed, they have nominated Khan Bahadur Mohomed Usman, M.L.C., as chairman, and Mr. C. Srinvasamurthy M. B. C. M. as Secretary, in advance of the proposed Committee. They are asked to submit their proposals to Government as early as possible with approximate estimate of the cost involved.

DEPRESSED CLASSES.

FREE & COMPULSORY EDUCATION.

ANTOP HILL'S PROTEST AGAINST PROPOSED PUMPING STATION.

MUNICIPAL CORPORATION MEETING.

The adjourned General meeting of the Bombay Municipal Corporation was held yesterday at 3-8 p.m. (B.T.), Sir Sassoon David, Bart., presiding. Nearly eight minutes of the Corporation were entirely wasted on account of the want of a quoram, as some members were busily engaged in the tea-room. Though the President tried to count the number of members present in the meeting at 3, but he was disappointed in hie cautious endeavour. At this adjourned meeting the Corporation gave serious consideration to an important letter from the residents of a splendid sanitarium situated on Antop Hill, protesting against the intolerable nuisance that would be caused by the constant smell coming from the Pumping Station, if the Station was shifted there from its present location to the above-mentioned Hill under the proposed Drainage scheme. Once again, Mr. N. M. Dumasia lodged his emphatic protest against the proposed shift of the Pumping Station to the Hill thereby causing great nuisance to the residents of the Sanitorium. He urged upon the Corporation to carefully look into the matter.

SCHOOLS COMMITTEE.

The Corporation gave consideration to a letter to the President, dated the 16th July, 1921, from Mr. Vishwanath P. Vaidya, Bar.-at-Law, Chairman, Grant-in-aid Schools Association—Forwarding a correspondence passed between the Schools Committee and Mr. Kanji Karamsi Master, regarding the question of the grant payable to the latter's school and stating that the complaint of Mr. Kanji is common with all the head masters of grant-in-aid schools, that the Schools Committee ignore the just applications of the schools and avoid making proper replies to the enquiries of the Corporation; that the matter is hanging fire for the last two years during which time the Committee have fenced the questions by preparing schemes which they ought to have known would not be accepted by Government; and adding that, under the circumstances, his Association is obliged to send all the correspondence to Government applying to them to intervene in the matter and give adequate relief to the schools concerned.

Dr. N. H. E. Sukhia moved that the letter be forwarded to the Schools Committee for favour of report.

Dr. M. C. Javle moved an amendment that the letter be recorded and that it would be a sheer waste of time if it was, again sent to the Schools Committee. The Schools Committee had already given their consideration to the matter in question. He believed, therefore, that no purpose would be served by forwarding it back to the committee in question, as they had done all they could in the matter.

Mr. Dabholkar, said he entirely agreed with Dr. Sukhia and in his opinion the letter should be forwarded to the Schools Committee for favour of their remarks.

Mr. Mandlik further seconded the proposition.

Dr. Javle's amendment fell to the ground on the votes being taken.

Dr. Sukhia's original proposition was carried.

EDUCATION OF "DEPRESSED" CLASSES.

Dr. N. H. E. Sukhia, next moved that a Memorandum to the Corporation, dated the 21st July 1921, from Mr. D. D. Gholap, President of a meeting of the Depressed Classes held at Parel—Forwarding copies of certain resolution passed at the meeting among which one is for suggesting that the education of the boys and girls of the depressed classes should be made compulsory and free as early as possible, another is for requesting the Corporation to make provision for the appointment of a member of the depressed classes as one of the 4 co-opted members on the Schools Committee, and a third is for asking the Police and Municipal authorities to take steps against the smuggling of beef into the City be recorded.

Mr. N. M. Joshi seconded the proposition, which, on being put to the vote, was declared carried.

PUMPING STATION.

The Corporation, then, gave consideration to a letter to the Corporation, dated the 27th July, 1921, from Messrs. M. A. Cashmiry and Ahmed Gulam Mohiddin Mujavar and others stating that the residents of the Antop Hill Matunga, lodge their strong protest against a proposal of the Municipality to locate a Pumping Station in their midst in connection with a Grand Scheme for the Drainage of Bombay. They are aware that the present Pumping Station at Leave Grove is a great intolerable nuisance and has not only rendered the locality in which it is situated absolutely uninhabitable, but the nuisance therefrom reaches even as far as Warden Road and Cumballa Hill. The proposed Pumping Station at Antop Hill, which is a sanitary resort at present, will render all their residencies insanitary and the nuisance will be felt afar at Matunga and Sewri. They, therefore, requested the Corporation to de- not to locate the proposed Pumping at Antop Hill, but somewhere fur- in order to save their residences isance.

r stated in the letter that if humble protests the station Hill they shall be con- legal steps against the Municipality as they may be advised at the entire risk and cost of the Municipality.

Mr. N. M. Dumasia moved that the letters be forwarded to the Drainage Committee for their consideration and report.

In moving the above proposition Mr. Dumasia stated that that was the important matter which required to be properly looked into. It was high time, therefore that the whole matter should be referred to the Drainage Committee for their perusal and report. The inhabitants of the Sanatorium should not be in any way put to any sort of standing nuisance, for, something like Rs. 8 lakhs of rupees were spent after the erection of the Sanatorium. The whole matter, therefore, required to be properly looked into.

Mr. A. E. Fazla seconded the proposition, which, on being put to the vote was declared carried.

RAJABAI TOWER LIGHT.

The Corporation, then, gave consideration to the following letter from the Commissioner, dated the 2nd July, 1921.

"I have the honour to state that in accordance with the Corporation Resolution No. 8509, dated the 19th November 1896, the cost of lighting the Rajabai Tower Clock with gas lamps has been paid from Municipal funds. The University authorities have recently had an electric installation put up in place of the gas lamps, as the handling of the rod by the lamp lighter was believed to cause trouble in the working of the clock. They did this in consultation with me in the belief that the cost of maintaining electric lights would not be greater than that of maintaining gas. The average monthly cost of maintaining the electric lamps is now, however, estimated to be Rs. 75, and as this exceeds the amount (Rs. 60) mentioned in the Corporation Resolution quoted above.

Mr. H. P. Mody moved that the grant be sanctioned with the recommendation of the Standing Committee that, in the circumstances stated, and approval be given to the Rajabai Tower Clock being lighted with electricity in lieu of gas and to the average monthly cost thereof estimated at Rs. 75 being met out of Municipal Funds.

Dr. Javle moved an amendment that grant be sanctioned subject to the condition that the clock showed Bombay Time instead of Standard Time.

Dr. Javle's amendment was put to the vote and declared lost.

The original proposition was unanimously carried.

The Commissioner requested for priority of consideration of an offer made by the Government of Bombay of an aeroplane free of charge provided the Municipality could exhibit it in the Victoria and Albert Museums.

The Commissioner, further, said that the Government had asked for an early reply as there was a demand for an aeroplane. He was of the opinion that there was sufficient room in the Museum for the accommodation of the aeroplane in question ano would attract the attention of the general public.

The Corporation granted the priority asked for and the Municipal Commissioner was requested to accept the offer of the Government with thanks.

After disposing of other items the Corporation was adjourned at 4-30 p.m. till Friday next.

A GOOD EXAMPLE.

To the Editor of "The Chronicle."

Sir,—It is gratifying to learn that there were no bidders when over 50 toddy shops were recently auctioned in Mangalore and Coondapur taluqs. The liquor trade in these parts has been in the hands of a community, which was not so very long ago classed as "backward." A spirit of development and progress is rising in them and they are moving forward in the path of progress, socially, intellectually and economically, at a rapid pace. The liquor contractors have understood that their profession is not lawful, and a person selling liquor to people and then turn them into drug addicts, for the sake of his livelihood, is a great sinner. The other talukas are employing measures, of one kind or the other, to banish—or at any rate to regulate—drink, and so in the near future it can safely be said that the district has "gone dry." The Government, of course, will not view this movement with favour, as excise derived from alcoholic drink, encouraging vice among the people, is a considerable source of revenue at present in India.

It is a pity that the liquor sellers in Bombay, a major portion of whom belong to a community which produced intellectual giants like Dadabhoy Naoroji and Pherozsha Mehta, cannot follow a honourable and more lucrative calling than selling liquor. Surely the example set by the liquor contractors in the benighted district of the benighted presidency is praiseworthy.—Yours, etc.,

BHANAP.

Bombay, Aug. 10.

HARASSING SHEPHERDS.

HUMANITARIAN LEAGUE'S PROTEST.

The following letter has been addressed by the Secretary of the Bombay Humanitarian League to the Collector and District Magistrate.

Sir,—On the strength of a representation that I have received from the Mahajan (people) of Shahpur of Viramgam District I beg to draw your attention to the complaints made by them against the Excise Department of Viramgam that the Rabaries, Bharawads etc., who enter the British territory from Kathiawar with their goats and sheep are charged for their trade and if the owners of these animals cannot pay the Excise Department they have to satisfy the men in charge of this Department by giving a certain number of live goats, which, as a result, are sold to butchers. The signatories of this representation have alleged that about one thousand goats, every year, are thus snatched away and sold to butchers.

Let me remind you, Sir, that on the 2nd November 1908, the Resident General Secretary of the Jain Suetamber Conference addressed a letter to the Collector of the Excise Department, Ahmedabad, when complaints of similar nature were received by him in his office. Tthereupon the Salt Revenue Collector in his memorendum No. 4747, of 1908 dated the 19th December, 1908, asured that the live sheep and goats were not accepted but only the due amount for Excise was exacted by the Department which was then working in its full swing. Now this harassment has ben kindly removed by the Government and therefore no question could arise for the Excise duty at Viramgam frontier. How then this Department, which, as I believe, is a department for Salt supervision, could interfere in the trade of those shepherds? It is, moreover, scandalous on the part of those, who may be exceting live animals and dispose of them to butchers.

If the matter referred to herein is a fact, I earnestly request you kindly to put a stop to this evil as it tantamounts to wounding the religious susceptibilities of the signatories of this representation in particular and a vast majority of the people in general.

Hoping to be excused for the trouble and soliciting a favourable response.

ANGLO-JAPANESE ALLIANCE.

IMPERIAL CONFERENCE IN FAVOUR OF CONTINUANCE.

MR MASSE ON STEPS TOWARDS A MILLENIUM;

(Reuter's Telegrams.)

LONDON, Aug. 10.
Recd. 2-15 p.m., Aug. 12.

In reviewing the work of the Imperial Conference, Mr. Massey declared that the Anglo-Japanese Alliance was threshed out from every point of view. The weight of opinion had been in favour of continuance of the present arrangement unless an arrangement can be effected between Britain, America and Japan. Mr. Massey was of opinion that if this can be effected at the Washington Conference more, progress will have been made towards a millenium than many people deem to be possible. Mr. Massey laid stress upon the needs for Cheaper Cables, Development of Wireless, Duplication of the Pacific Cable, Lower Freights, Faster Mail vessels and improvement in aviation.

REDUCTIONS IN INDIAN ARMY.

WHAT IS TO BE DONE FOR DISCHARGED BRITISH OFFICERS?

LONDON, Aug. 10.
Recd. 12 noon, Aug. 12.

In the House of Commons, Col. Yate asked whether Mr. Montagu's assurance on March 23rd that no further reductions would be made in the Indian Army, pending the final decision of the Sub-Committee on Imperial Defence was taken in India as meaning that further reductions would not be made from March 23rd seeing that it was now interpreted as meaning that there would be no further reductions beyond those already sanctioned on March 23rd.

Mr. Montagu replied the Government of India took the latter interpretation.

Col. Yate then asked what provision would be made for the British officers who were discharged as surplus owing to the proposed reductions to enable them to start life afresh?

Mr. Montagu replied he was in communication with the Government of India and hoped to be able to give a reply on the subject before the end of the session.

LANCASHIRE COTTON DEPUTATION FOR INDIA.

GOVT. OF INDIA TO GIVE ALL FACILITIES.

LONDON, Aug. 10.
Recd. 12 noon, Aug. 12.

Mr. Sugden asked that immediate facilities should be given to the proposed deputation of the Lancashire Cotton Employers and Employees to the Government of India, the Indian Cotton Traders' and the Indian Cotton-workers' Association on the subject of the cotton import duties and if the Lancashire Members of Parliament should accompany the deputation, that facilities should be afforded them for debating the subject with the Legislative Councils in India.

Mr. Montagu replied that the Government of India had informed him that they would welcome the deputation's proposed visit and would give them all facilities possible. He assumed the deputation would make its own arrangements for meeting the Trade Asociations. If the visit was made while the Legislative Assembly was in session, the Government of India anticipated no difficulties in arranging for the deputation to meet the members of the Assembly. Mr. Montagu stated that he had taken steps to communicate the Government of India's message to the representatives of the Cotton Trade.

INIQUITIES IN KENYA COLONY

TO-DAY'S PROTEST MEETING.

Under the auspices of the Parsi Rajkeya Subha a Public Meeting will be held to-day, (Saturday), at 6 p.m. (S.T.) at the Excelsior Theatre to protest against gross iniquities imposed on our countrymen in the Kenya Colony, when Mr. K. Natrajen will preside. Pandit Madan Mohan Malaviya, Messrs. V. J. Patel, Pickthall, Jamnadas Mehta, L. M. Savale and others will address the Meeting. All are cordially invited to attend. Front seats will be reserved for Ladies.

According to a Kabul newspaper the "Pioneer" says that the Amir has issued a proclamation explaining the administrative divisions of Afghanistan. These divisons as now arranged, consist of nine provinces, five of which are ruled over by Governors and four by Lieutenant-Governors. (A. P.)

FAMINE IN RUSSIA.

HORDES OF PEOPLE POURING INTO POLAND.

LENIN'S APPEAL TO WORKERS OF WORLD.

(Reuter's Telegram.)

LONDON, Aug. 11.
Recd. 11-45 p.m., Aug. 12.

The description of the famine conditions in Russia telegraphed by the Friends Emergency Relief Committee Mission at Baronwice speaks of the hordes of men, women and children pouring into Poland involving a grave danger of the spread of infection. The Baronwice camp which is equipped to handle four thousand refugees weekly was recently called on to deal with twenty-four thousand. The Camp was paralysed and the whole group had to be let through without disinfection. Further six thousand arrived before the camp was cleaned. A patheic family group surrounding a woman who had given birth to a child on Sunday was found by a Friends' workers on Wednesday still unable to set accommodation in hospital.

The "Herald's" Moscow correspondent telegraphs on appeal by Lenin to the workers of the world stating that the famine in several provinces equals that of 1891 and describes the present situation as a terrible sequal to the country's superannuated farming methods and seven years of war imposed on the peasants and the workers by the capitalists of world.

CRUSHING SWADESHI MOVEMENT.

DHARWAR COLLECTOR'S EFFORTS.

(From a Correspondent.)

DHARWAR, Aug. 11.

Notices were recently issued by the First Class Magistrate Dharwar to twenty-three members of Khilafat and Congress committees of Betigeri in Dharwar Taluka, under section 107 of Criminal Procedure Code.

The twenty persons had made up their minds from the beginning not to defend, nor to give security in case it was demanded and to suffer imprisonment. They had accordingly drawn up their statement and offered to put them in last time when the case was taken up; but the Magistrate adjourned the case as notices were not served upon the remaining three accused.

The case was taken up yesterday and all the twenty-three accused were ready with their written statements which is to the following effect:—

1. That they were members of the Khilafat and Congress Committees and would continue to be such and they had been carrying on and would continue to carry on their movements in a non-violent manner which was their avowed principle

2. That the Khilafat being a religious movement every Mahomedan is bound to support it and it is the duty of every Hindu to help his brethren in the said holy cause.

3. That the proceedings against them were set on foot solely with the object of putting a stop to Khilafat and Congress movements.

4. That they had lost confidance in British courts and were not going to take part in the proceedings beyond putting in their written statements.

5. That they were not willing to give security if demanded and were ready to suffer any sort of hardships that would follow.

The Magistrate however told them when they appeared before him that the proceedings against them were dropped. Thus ended a short beginning made by the local bureaucrats to throttle the two movements.

Herewith is another instance of bureaucratic efforts to put down Swadeshi and boycott by issuing a circular. I learn, some traders were invited in the Lingayat Hall, yesterday and were given instructions.

The twenty-seven accused in the Dharwar shooting case are awaiting sessions trial which is fixed on the 19th of September. If any special commission is appointed by Government, the accused will have a fair trial otherwise they do not wish to lead any defence in the sessions:—

Circular.

BOYCOTT OF FOREIGN CLOTH.

All officers subordinate to the Collector and District Magistrate are desired to take steps to make people realize that inasmuch as India produces less than her population requires a boycott of foreign cloth and its destruction or export must inevitably lead to a serious rise in prices which may lead to disorder and looting, and that these consequences will be the result, not of any action on the part of Government, but of Mr Gandhi's campaign.

(2) The above steps may be taken by convening meetings at Taluka Headquarters, etc., or by counter arguments to be advanced at N.C.O. meetings. This is a good opportunity for Government officers to distinguish themselves on the lines already indicated in this office No. N.C.O. Confl 5 of 25-5-21.

(3) Any cloth dealers who are opposed to the boycott may with advantage be invited to discuss matters with the Prant officers or the Huzur Deputy Collector, and may thereafter be asked to see the Collector in his office, any day from 12 noon to 2 p.m.

(Sd.) H. L. PAINTER,
Collector and District Magistrate,
Dharwar.

Dharwar, Aug. 5.

To,
All Prants, Huzur Deputy Collector, Mamlatdars and Mahalkaris.

Copies forwarded with compliments to the President of Municipalities, District Supdt. of Police, Dharwar, Asstt. Supdt. of Police Dharwar, and the Deputy Supdt. of Police Dharwar.

Rationing of rice in Ceylon has been abandoned owing to the prospect of better supplies from Rangoon. Maximum prices will be retained. (A.P.)

C. P. COUNCIL.

SUPPLEMENTARY DEMANDS.

(Associated Press.)

NAGPUR, Aug. 12.

After the question supplementary demands for grants for the vote of the council were submitted yesterday. The Hon. Mr. Standen moved that Rs. 65,000 be appropriated under 5 Land Revenue Reserved as charges of the District Administration. He explained that salaries of D. Cs. were budgeted for on the ordinary rates of pay and in view of Secretary of State's sanction as a result of representations a higher rate of pay for provincial service officers promoted to Indian Civil Service was sanctioned and the present demand was intended to cover this increase. He further pointed out that these officers were not profitted by the time scale as compared with I. C. S. and as a result of a rise in prices it was necessary to pay them a higher rate of pay the demand being under a reserved head. It was only left to the Council to record its vote much of the amount being already spent.

STRONG PROTESTS.

Rao Saheb **Mahajani and Mr. Dixit** complained that it was superfluous now to bring such a demand for the nominal vote of the council when the hands of the Council were tied behind their back and they protested against the system. The non-official members raised a cry of strong protest against this demand in view of the poverty of the province, huge deficit in the budget, helpless condition of clerical and subordinate services, the unfortunate condition of teachers in primary schools, etc.

Members on the official benches urged the council that it would be unfair not to vote the deman[illegible] had brought in the motion for reduction of the whole amount said he pressed it for vote of the council and the motion was carried by 25 against 18. The original demand for about Rs. 81,000 was cut down by Rs. 65,000.

Another demand over which there was a good deal of discussion was under Excise Transferred for about Rs. 17,000 representing part of the compensation paid to certain excise contractors of Nagpur for damages done to them by mob violence with other demands under the Industries, Civil Works, Stationery and Printing Irrigation were voted for.

After supplementary demands were over resolutions were taken up. The resolution moved by Mr. Sheolal recommending the mother tongue as the medium of instruction in the secondary schools were referred to the standing committee.

Resolution moved by Seth Mojilal recommending that sheds be provided for litigants attending the courts as far as funds permitted was carried.

BOXING.

The challenge which was recently published in our paper by Padam A. Anklesaria and accepted by Mr. Milton Kubes of Bombay on the following day has resulted in the fixing of a contest of 10 rounds of 2 minutes each to be fought at the Sir Cowasji Jehanger Public Hall, Mayo Road on the 25th and 26th instant. A purse has been offered and accepted by the contestants, and the Zoroastrian League of Health and Physical culture, are offering a very handsome cup to the winner on the same night; Mr. Padam Anklesaria, we learn, has arrived from Madras bringing with him 6 cups and 26 medals, all won at Boxing. He is now in hard training and entertains great hopes of defeating the local champion, Mr. Milton Kubes. There is a difference of about 3 pounds in the weights, Kubes having the slight advantage. This beings the first Parsee citizen to seek championship honours in Boxing. A really good contest is expected. Kubes is the winner of 21 contests out of 24, and is therefore considered the best at his weight.

On the same 2 night may be witnessed a championship competition in Welter-weight 10.7 and Bantam-weight 8.4. In the latter we expect to see a good performer in Mr A. Saher a Parsee youth who beat H. A. Murray in a 4-round contest on July 15th at the Excelsior.

Their will also be a 10-round special contest between Corpl. Jack Flannery and Chas. Judge. These two fought also on July 15th and Judge won on a foul Flannery is desirous of reversing the dicision and this contest is the result.

Championship belts and cups will be presented to winners and runne-up of the competitions, and a good 2 nights' sport is anticipated. Seats may be booked at Messrs. Rose and Co. Any communications regarding entries, weights, weighing in etc. may be addressed to "Boxing" c/o the "Times of India."

SITUATION IN DHRANGTHGA.

MEETING OF KATHIAVADIS IN BOMBAY.

A meeting of Kathiawadis residing in Bombay and their sympathisers will be held to-morrow, at 4 p.m. in the Marwadi Vidyalaya Hall, to hear the members of Kathiawadi Political Conference Committee who have specially come for the purpose and to pass such resolutions as may be thought desirable. The public are cordially invited to attend.

A Colombo message of August 11th says, "The Crown Prince of Japan leaves to-night. The Prince to-day attended the races with Governor and Lady Manning." (A. P.).

A Chinese pawnbroker, his wife and child have been found murdered in their house in Dinewunkwin quarter in Rangoon. No trace of assailants has been found. It is stated that jewelly worth one lakh of rupees was stolen.

A Government communuique regarding death from tuberculosis of the minor Chief of Marsingpur, which occurred at Cuttack on July 5th, refutes the allegation made in a Calcutta paper that the death was accelerated by his mother being prevented from remaining with him during the last illness.

"MUST LEAD TO BLOOD-SHED."

N. C. O. PROGRAMME.

SIR R. CRADDOCK ON PROMISED REFORMS.

(Associated Press.)

RANGOON, August 11.

Sir Reginald Craddock, Lieut.-Governor, to-day held a crowded durbar at Government House. In the speech he made a sympathetic reference to the recent railway accident.

Continuing Sir Reginald said:—The position as regards rice has been subject of recent discussion in the Legislative Council and the policy of local Government was then publicly stated. In the interests of the local consumer it is necessary to see stocks of provinces maintained at such a level that there may never be any actual shortage of food while on the other hand in the interests of producer it is desirable that importable surplus should be sold at as good a price as will not jeopardise the first objective of maintaining food supplies of the country. Should the present monsoon continue favourable to the end the situation should be very consideraably relieved. In the meantime the rice producer in Burma has enjoyed the benefits of obtaining a high price for his produce sustained over a long period to an extent which has never before been his experience. The prosperity which has resulted from this demand for the rice which Burma has to sell received eloquent testimony in the speech which Maung Chit Pe delivered lately in the Legislative Council. He said owing to the high prices of paddy during the last and the present years a number of field labourers have become tenants, tenants have become landowners and landowners have redeemed their lands and reduced their indebtedness. Chetties have got plenty of money to lend and are at a loss to know how to dispose of it, there being a fewer borrowers among the cultivators even at a lower rate of interest. While it is most gratifying to hear this testimony from so independent a witness as Maung Chit Pe and while we all rejoice at cultivators' good fortune I hope that producers and dealers will not be too grasping and will remember that labourers and wage-earners have also to live."

POLITICAL SITUATION.

His Honour then dealt with the political situation exhorting patience and a fair trial for the reforms after the details had been settled by the impartial committee. He discussed the catch-phrases such as "slave mentality" and "Non-Violent Non-Participation," also distribution system and endeavoured to enforce the decisions by the arbitration courts by the boycott or illegal pressure, disastrous effect on the school boys, futility of the piece-goods boycott and of endeavouring to defy economic laws.

Non-co-operators' Programme must lead in every case to disorder, starvation, and chaos to all of which inevitable sequel is bloodshed. Those who call loudest for immediate Home Rule in Burma are those who believe they can enforce their demand by the adoption of a programme which I have been analysing.

In conclusion Sir Reginald dealt with the visit of Prince of Wales. He was sure, the people of Burma, whatever their race, creed or political opinion, would be at one "in welcoming the Prince to these shores and in giving him a reception worthy alike of the best traditions of the Burmese loyalty and hospitality and of the great occasion itself."

SWADESHI.

To The Editor of "The Chronicle."

Sir,—Thanking you for your courteous criticism of my communication I should be greatly obliged if you would in support of several statements in that criticism, very kindly supply me and your readers with statistics of the volume if the Indian export trade in Cottons, Woollens and Silks to the British Isles prior to the advent of the British in India. I understand you to mean that as soon as the British obtained the power they killed this flourishing trade by protective tariffs in favour of English home-made products. Even if this were the fact (and doubtless you can prove it?) the injury so suffered would not have been suffered by the Indian but the English consumer. That is, I think, obvious. Nor is it easy to understand how any such unsound and selfish tariff policy would have affected Indian consumption in the slightest degree. So old, firmly established and flourishing an industry must have depended very largely upon the home consumer, and the relations between home-consumer and home-producer would have remained unaltered by the imposition abroad of an unwise protective duty. Is it not so? I observe in a letter from one of your correspondents to-day in reply to a pery temperate and able presentiment of the case by R. B. Y. C., an implied, rather than expressed and exhausted argument, that because since the British connection forty p. c. of the whole Indian piece goods demand has been met by Lancashire, this is a grievous wrong to India. I am quite unable to grasp what was in the writer's mind. If the fact be so, it can only be because 40 p.c. of Indian buyers found it profitable to buy Lancashire rather than Indian piece goods. It will not, I suppose, be contended that any compulsion was brought to bear on them? Before the war England bought almost all her dye stuffs chemicals, etc. from Germany. Has any sane man reproached Germany on that account with having inflicted a great wrong on England? Such talk sounds to me like the merest midsummer madness.—Yours etc.

F. C. O. B.

Bombay, Aug. 12.

Mr. Goculdas's recent purchase of "Mordennis" had again won the Governor's cup in Colombo race. This is the first time the cup was brought outside Ceylon.

BACK BAY SCHEME.

"SIMPLEST FROM ENGINEERING STANDPOINT."

"PRACTICABLE AND FINANCIALLY SOUND."

GOVERNOR'S LECTURE TO BOMBAY MERCHANTS.

His Excellency Sir George Lloyd, in the course of his reply to the Indian Chambers of Commerce on Tuesday last, at the Secretariat, on the Bombay Development Scheme, said:—

I am very glad to hear that the information already given to your Chamber has largely allayed any apprehension felt lest this scheme should be a failure, and I am confident that the more you know, the more you will share my confidence in the enterprise we have undertaken for the safeguarding of the trade of this great port and for the social amelioration of the workers in this ever-growing city. You must remember that it is upon the specific request of the citizens of Bombay that my Government is dealing with these questions. In spite of the fact that there were already in existence three agencies for city improvement, namely, the Municipality, the Improvement Trust and the Port Trust, I was, immediately upon my landing, asked to deal with this question as an urgent matter. In every phase, therefore, of difficulty and responsibility for the launching of these great schemes I have felt and feel unshaken confidence in the support of the public of Bombay, and this confidence has been justified not only by the splendid support of Bombay to the loan issue, but by the unanimous vote of the Legislative Council of this Presidency to the formulated schemes.

ANXIOUS ABOUT BACK BAY SCHEME.

I may add that the attitude your Chamber has recently taken in no way shakes my belief in the support of the public—or in your support either. Now what you have been most anxious about is the Back Bay scheme. Anyone who was a charlatan or who merely wanted to win public applause would probably have fought shy of undertaking the Back Bay scheme because it is of all the schemes with which we are dealing the scheme which has most the elements of misunderstanding and misrepresentation. The long history of Back Bay failures in the past, the fallacious argument, but still the argument, that the scheme only benefits the richer classes; the temporary discomforts and dislocations of habit which such a scheme entails; all these naturally were present to our minds in considering whether the scheme should be undertaken. But the more my colleagues and I examined the scheme, the more convinced were we in the soundness of the project itself, of its essentiality to the future of Bombay trade, and to its necessity for the solution of the housing problem as a whole.

The critics of the Back Bay scheme have characterised the project as unnecessary, impracticable and financially unsound. I desire, however, to dispose of all such apprehensions.

PROJECT IS NOT UNNECESSARY.

Our reply to those who say the Back Bay scheme is unnecessary is this. A man or a Government who is honestly trying to remedy the conditions of the workers in this city must undertake the Back Bay Scheme. No one will deny that the city is growing and likely to increase rapidly in growth, that business congestion exists and unless more provision is made, is likely to get worse. One of the arguments adduced against the necessity of Back Bay reclamation is that the business population could and should live in Salsette and in the north of the island and come in and out to work to the heart of the city. We are convinced that that idea will provide only a very partial cure for the trouble. It is alleged in this respect that when the railways are electrified we may be able here in Bombay to reproduce very much the same situation as we have in the city of London which is almost deserted by night and with people during the day; that here in Bombay the Fort might more and more become merely a place for business offices, and the working population of business men, clerks and other employees might be hauled in and out of Bombay to Salsette or to the north of the island and live there instead of in the city. I will not say that it is entirely impracticable.

It is our earnest hope to tempt people to live further out. But can we rely upon that to satisfy the needs of the trade of Bombay and the housing of its people? People are apt to place too great an importance and reliance upon the effect of the electrification of the railways here. Once the railways are electrified.—and we are using every pressure to get this done for the provision of terminal facilities at the earliest possible moment some assistance will be given, but in what degree? Very little. Your will, if you will examine the traction problems of suburban traffic, find that there is little analogy between the great urban distribution which takes place in, for instance, London or Long Island in New York. If you are going to take out practically the whole clerical and business population from the Port you will have to take them out a very considerable distance. It is twelve miles to Bandra alone, and we have got to take people out to Salsette. You will find that in the suburban distribution of traffic like in London or New York, the range at which these railways distribute, what are known as the daily bread earners, is a very short radius indeed. If we are going to take them out to Salsette we could not deal with them for many, many years to come, and it would not be possible to haul them out at a cheap enough rate to make them willing to live there without some considerable enhancement of their wages and the laying therefor upon the trade of Bombay a heavy standing charge. The hopes that you could deal fully with the problem in that manner is not realisable, though in a small degree we shall relieve the pressure upon urban Bombay by increased facilities in suburban traction. My point is that you cannot posibly rely upon that for the enormous trade of Bombay in anything like the near future.

BROAD AVENUES OF ROADS.

Now, gentlemen, if that is true I have one more thing to says we have got to cut, in supplement to the railways, broad avenues of roads longitudinally through the island. You are aware of the paucity of great trunk roads in this Island. On the west side of the island when I came there was only one very rough twisted and narrow road. The miserable paucity of trunk roads for the service of so great a city is one of the most striking things to the eye of a new-comer to Bombay. There was on the other side the eastern avenue, and broadly speaking those two are still practically the only means of egress and ingress into Bombay. And even those roads do not lead down as great trunk roads should right and directly into the very heart of the city. So we should have to cut eventually important roadways through the heart of the city to lead right up to the Fort, and in order to effect this, the destruction of existing business quarters will certainly one day be necessary.

BUILDING BEFORE DESTRUCTION.

We have got to build before we can destroy. When those business quarters have to be destroyed, where are the business facilities they elect to be replaced? No one can give me an answer without Back Bay. It is impossible. You will not get in any great city in the world the heart of a business centre to move any distance; you may tempt it to move by half a street in one direction or another but little more; everything centres round the stock exchange, the financial quarter and so on, and here as in the city of London business goodwill, interest and habit render big movement impossible. If that is the case and it is indisputably the case—where in the Fort, in proximity to the business centre, are you going to replace business quarters destroyed, or provide for the expension of Bombay trade at reasonable cost. I repeat the trade of Bombay and the growth of the city is not going to stand still, it is my duty to do everything to encourage its expansion. What alternative from the busines point of view is there to provide large areas of new and cheap land for such purposes? Remember, too, in conclusion that Bombay's mercantile growth is due not only to the ability and energy of its citizens but to the fact that it has been the cheapest port i the East. Its future largely depends upo business being able to be carried on cheaply and for this purpose offices and housing in the business quarter, not at fancy rents, but at low rents, is essential to the wealth and prosperity of the city.

SCHOOLS AND COLLEGES.

I now come to the question of schools and colleges, a matter of great importance to the business of the city as well as to the repute of the Presidency as a whole. My colleagues and I have considered the desirability and feasibility of persuading the schools and colleges to move out into Salette, to be grouped together there where greater space was available, and where concentration would provide the advantages of a University atmosphere. But the difficulties are really unsurmountable and the colleges and schools would almost certainly be unwilling. Much as there is to be said on both sides the concensus of opinion is that the schools and colleges must stay in Bombay. Therefore, gentlemen, must ask you another question.

EXISTING RENTS.

Now gentlemen, I come to an even more important point in regard to existing rents. To-day we have a Rent Act, but how long do you think that Government is going to keep on the Rent Act, and what would occur as regards office rents and rents generally if Government felt compelled to remove that Act? The answer is quite clear. The result would be that office rents would go up rapidly and that another heavy charge would be laid upon industry in Bombay. Now you must remember that these war measures cannot be maintained indefinitely. It is desirable that as soon as possible after a great war restrictions of this kind and Government control, essential as it is in time of war, should as far as possible be removed.

NOT IMPRACTICABLE.

Now I come to the question of practicability. I have a few words to say on that question. You have some of you heard about the Heptanesia or the Seven Islands. If there is one city in the whole world where we can embark upon reclamation with confidence it is surely Bombay. And indeed, gentlemen, this Back Bay scheme is no new venture. We have got as I have said, reclamation all round, and of those reclamations I think I may say without fear of contradiction that this is the simplest from engineering point of view of them all. No one I presume denies the importance to Bombay of the Sewri reclamation scheme. Did anybody call that a wild cat scheme? I was not here, but did anyone say it was impracticable? I do not know. But why, if Sewri, a far more difficult scheme than Back Bay, has been accomplished satisfactorily, why should Back Bay be impracticable which is a far simpler proposition? Has Sewri Reclamation shown wild estimates huge increases of cost, or has it worked out almost exactly as the engineers anticipated? Is there any reason to think that the Back Bay estimates will be so immensely exceeded? Let me not deal in prophesy but face facts.

FIGURES ABOUT SEWRI

I can give you figures about Sewri very roughly. The work was started I am informed by the Port Trust in 1909 and in 1912 the design was settled and the estimate then prepared showed that the reclamation would cost Rs. 4.7 per yard. The actual cost of the work completed or practically is within 5 annas of the figure estimated. Now when I tell you that Sewri is a floating reclamation and that we have hard rock for the most part in Back Bay I think you will see that the arguments that it is an impracticable scheme are absurd. And when it comes to the cost of pumping, in the Sewri scheme the original estimate was Rs. 2 per brass and the actual cost only Rs1/4 per brass. There has been no conflict of technical opinion in regard to Back Bay, indeed there has been the opposite a concensus of opinion.- and it is rare indeed for experts to agree and in such circumstances and with the accomplished success of reclamation before our very eyes in our own city. I may add that this scheme is going to be done on exactly the same lines and by exactly the same machinery as the Sewri Reclamation scheme, and I cannot see why one scheme should be a failure and the other scheme a success. I venture to say that the Back Bayscheme is a far safer piece of business than many of the solid businesses that are undertaken in Bombay city.

NOT FINANCIALLY UNSOUND

I now come to the criticism that it is financially unsound. Although I have placed the larger burden of the work upon the shoulders of the honourable colleague who sits on my side I suppose that as Governor of this Presidency I have to and gladly do take the main responsibility for the schemes from first to last. Do you think if you could show me a faulty patch or an insecure statistic in my schemes that I should not gladly welcome the information and hasten to remedy the defect? I do not want a failure; I desire only that these schemes should be complete in their success. So that fair criticism and helpful suggestion on these matters I warmly welcome so that the good of the people and the welfare of the city be reaped by those who follow me. Now, we have consulted the best experts that we can get hold of. My experience, and I believe it is the experience of every experienced man, is that when you want to know what to do you should seek out the most competent man, pay for the very best advice and stand by their advice. Having done so, allow in your estimates largely for human frailty and for expert mistakes and then I think you are on solid ground. Let me illustrate my point. When you are sick you go to the very best doctor, no matter what the cost may be. If you do not get the advice you like, you may go to another specialist, but you are no better off for even then you have to decide yourself on which specialists advice to take and you yourself with no knowledge of medicine have to choose the course to follow. I believe that the sound method is to pay for the best advice you can get to allow largely for all possible mistakes. And to proceed that is the principle we have adopted and that is the principle we are going to follow.

COST OF RECLAMATION.

Now gentlemen what are the facts which lead our critics to put this scheme as financially unsound? I do not think they have any. We have on the other hand figures very carefully worked out which lead us to exactly the opposite conclusion. What are the facts? There are 1,145 acres, of which the estimated reclaimed cost is 8.50 crores, or rupees 15 per yard. Of that we have sold 265 acres for 2.50 crores. That leaves us with 880 acres which cost us six crores. We then deduct no less than 240 acres, a very ample deduction for roads. That leaves us with 640 acres at the same cost of 6 crores. Work it out and it gives you a cost of Rs. 19 per yard. We then deduct from that as much or as little as we like for open spaces. But we have made out this estimate just to show that even allowing for so huge a proportion of open spaces the cost is reasonable and the scheme financially sound. If we allow all this for open spaces it leaves us with 453 acres costing 6 crores or Rs. 28 per yard. Now gentlemen, I don't think it will be found necessary even for all the purposes we have in view to allow anything like that figure. I believe we can provide ample play grounds, open spaces and roads for much less than that, and of course for every acre saved the cost price will go down accordingly.

And the figures named include interest and sinking fund at 7 per cent. Now gentlemen I do not know what your views are of the prices of land in Bombay. It would doubtless be varying; but of this I am confident, that there is no greater boon that we can give to the people of Bombay than low land values and cheap rents, open air spaces and healthy facilities. From the beginning to the end, in every speech I have delivered on this question, I have spoken in exactly the samt strain. I have never hidden my desire to see lower rents and lower land values. Well, gentlemen, I am taking you all at your word and I am confident that not only can these schemes be brought to perfectly and completely successful fruition but that they can be brought to fruition without loss and probably with a very considerable margin of profits for the benefit of the public purse of Bombay.

PERSONNEL OF DEVELOPMENT DIRECTORATE.

You have referred to the personnel employed in the Development Directorate and you have complained that there was an overstocking of Englishmen at the top and that insufficitnt number of Indians were being employed. I must state the attitude which I myself adopted in this matter. My Government is bearing a heavy load of responsibility towards the public and their first duty to the public is that we should employ the best talent and that there should be the fewest possible mistakes. Just as a public company has its first duty to its shareholders so our first duty to the taxpayer is to ensure that their schemes are carried out as cheaply and as effectively and as fairly as can be done. That having been said I do desire, and I know I speak on behalf of my Hon. Colleague on my right and Sir Lawless Hepper, that we should train up in the course of these great enterprises in Bombay as many Indians as we can in the work. It was my own idea that this should be done and I spoke of it more than a year ago in a speech to the Engineering College at Poona. One half of the executive grades are already occupied by Indians and Sir Lawless Hepper tells me that he is advertising three more Executive Engineers at this moment, who it is hoped, may be Indians. Therefore, I do not think you need to be under any apprehensions on this score. You have my Hon. Colleague here who feels quite as strongly as I do on this matter. You need have no fear that we shall not do our utmost to train up Indians and to use their skill as far as the scheme properly allows. You would not desire us to take less competent men merely because they were Indians. If you did then I could not agree. It must be recognised that the majority of the highly skilled Engineers of the world are not as yet Indians, and that at the present moment the highest talent lies outside India. But we shall endeavour honestly and fairly to meet your desires and very proper wishes in this matter. We have done a great deal already in this respec and gradually but steadily we hope to do more.

THE STORES.

I now come to the question of stores, a question that has many difficulties but which I think I can deal with simply. It has throughout been our desire and intention that purchases for these schemes should consistent with due regard for quality be bought whertver they can be most cheaply bought and the most expeditiously obtained. I know this is the desire of the public and I desire that the public should feel confidence in this matter, for the confidence of the public is essential to the success of all these enterprises. We have not however up till now been completely free as I think you know on account of the stores rules. These rules have now however, I believe, been altered, and I think I am right in saying that within a week or two now we shall be completely free in this matter. The Government of India have recommended that we should be so free, and it remains only for the Secretary of State's sanction to be obtained. Once we are free our policy will be to give preference on equal terms to British manufactures, but where any advantage at all can be gained by going elsewhere we shall do so. I do not think that any one can quarrel with this policy. More than this you have an Advisory Board you will know everything that goes on and you can check these matters for yourselves, and we are confident that you will have no cause of anxiety on this score.

WHY DEVELOPMENT A RESERVED SUBJECT.

Now we come to another matter and that is the question of the control and the general question of development being made a transferred subject. I am afraid I cannot entirely satisfy you there, though I hope that what I say will go far towards that end. First of all it has twice been ruled I think under the Act that this is a reserved subject, and as I have already pointed out to you the matter therefore does not lie with me. If you want the Act altered you will have to go to the Secretary of State but I am not sanguine that you would succeed if you did. And I will tell you why I think you will not succeed. It is a reserved subject for the very simple reason that it deals mainly with finance and with land (revenue) which are reserved subjects. It is at present concerned almost entirely with finance and land questions, which are reserved in every other province and we have to obey Parliament in the matter. But I will not pretend for a moment that I desire the change to be made. I do not desire to shelter myself behind the fact that it does not lie in my power. It would be open to me to urge it upon the Secretary of State, which I at present do not propose to do. I will tell you why. First of all, these schemes are financially the most important matters which an local government in India have ever handled. They tread and impinge upon almost every vested interest that you could imagine; they deal with land acquisition inevitably unpopular, arousing feelings of controversy in the minds of the individuals affected, quite remote from the main purpose which we all as a community have in view. Do you really think, gentlemen, that this is the kind of question, therefore, that should be made subject to the breath of every popular breeze? Is it fair to Ministers, to the scheme, or to Council itself, and would it conduce in the end to the success of the scheme? I do not think it would in fact I am confident that it would not.

PUBLIC SHOULD KNOW WHAT IS GOING ON.

But on the other hand it is essential that the public should give the money, the public who are concerned with the scheme, the public for whose welfare the schemes are formed; it is essential that they should know what is going on and that they should be able to arrest any scheme which they think unfair or unsound. Now we have provided and as I think, amply, that if one public body of repute like your Chamber has cause for doubt or grievance of this kind it can, by drawing Government's attention to it, Government into close consultation with it, and that Government can supply it with the fullest facts on this situation. The fact that I am here today proves what I say. I am willing to acknowledge that as regards publicity we have not as yet been as successful as I should like. Estimates take some time to prepare. They need frequent revision in the early stages. Premature communication of incomplete material for the criticism of newspapers and the public may often do more harm than in an atmosphere that tends sometimes to lay undue emphasis on criticism. But we are willing to equip the Advisory Board with the fullest information; we are willing further to give full information to all public bodies of standing such as your own, the Municipality of Bombay, the Bombay Chamber of Commerce and so on and we are confident that with all the leading people of Bombay in our confidence and due publicity to the newspapers, you will be able to contest matters of importance fully and adequately. The purpose of the Government and the purpose of the public is identical, namely, the success of the schemes and if we are wishing to give you our full confidence we have a right to ask for a reasonable reciprocity of confidence in the work. And, therefore, on this matter I would ask you wish to take my advice and leave the matters as they are for the present. If in a year or a year and a half you find this system is faulty and offers you too little influence I will at any rate, reconsider the matter. But I am perfectly sure you will find Sir Lawless Hepper willing and grateful for your advice and assistance, and willing to give all fairminded and respectable bodies having public confidence like your Chamber the fullest information possible and to withhold nothing of the main issues of the question.

I ask confidently for your united support in a matter such as this—which has been undertaken at the request of the city,—for the good of the city and for my Government. We do not ignore that these schemes are of a nature which of necessity lead to a certain amount of individual inconvenience and sometimes, though I hope rarely, to some degree of hardships. It is a fact that some of those who as individuals, are annoyed are the same as those who, as members of the public, most warmly support us in our endeavours. I am aware of the inevitable unpopularity of compulsory acquisition and am glad to think that this drawing to a close. I am deeply sensible of the patience and good sense of the public in their attitude to these matters. Just as I rely fully open public support and confidence so you may rely upon it that my Government in their prosecution of these schemes will do all they can to carry the projects through with due regard and sympathy, to the welfare of that public. If I were to ask you to help me to give medical help to a sick man—even if that hlp meant a surgical operation, I am sure not one of you would refuse; I rely equally on your help in an operation which will bring a large measure of health and contentment and wealth to all those who live and work in Bombay.

Messrs. K. D. and Brothers present to their West-End Patrons.
Mabel Normand
In a fascinating Goldwyn Picture.
"UPSTAIRS"
(5 Reels—5000 feet.)
Here is
A RAGTIME ROMANCE!
From the Goat-of-All-Jobs in the hash kitchens of a swell hotel to the ragtime queen of a ragtime cabaret was Elsie's idea of a romantic life.
It's Mabel Normand's swiftest and funniest comedy—the modern recipe for the habit of happiness.
"UPSTAIRS"
Mabel Normand has a two-in-one role—that of an overall-clad "Tomboy" and of a *modern* girl in *modern* clothes.
A compelling, breezy, ragtime drama that it guaranteed to keep you guessing and talking. Here you meet perhaps the most famous Commediene as the overall-clad ragtime rascal who slingshash in the big kitchens of a big hotel. It is the story of the sunnyside of life with a laugh at every flicker.
"UPSTAIRS"
It is a Romance of the devilish little kitchen scape-goat, with cupid at the drums. It is a riot of laughs and thrills.
"UPSTAIRS"
You just can't make your feet behave when you see Mabel Normand jazz her way Upstairs from a hotel scullery to the "Palais de Danse," all in sixty syncopated minutes. And when you find out, as Mabel does, that her "bellhop" dancing partner is the possessor of a cool million, you'll shake with laughter as you see her shimmy her way to the altar. This 'Normandized Ragtime Romance' is guaranteed to cure the blues and prevent an attack for months to come. Don't miss "Upstairs"!
A Comedy in the Programme—

COMMERCIAL

PIECE-GOODS.

Aug. 12.

The conditions prevailing in the Cloth Market throughout the past week have been very quiet and prices of several well-known cloths have shown a declining tendency. Only isolated transactions have occurred here and there, there being a falling off in the demand from the consuming centres. As the monsoon has been favourable and as the marriage season will soon commence, a revival of demand might be experienced after a month. There is no doubt about the fact that the inquiry at present has been checked by the boycott movement of foreign cloths, but if prices be reduced by say eight annas per piece, it is possible that the purchasing power may assert itself at once. Merchants who were very anxious to sell their holdings have had to offer concessions in current rates and this has created an easier tendency in the market. There are dealers who cannot afford to reduce prices any further, as, with the present unfavourable rate of exchange and the high rates at which the goods were bought, as also the increased duty, they are, in many cases, realising only half the actual cost of the goods. Retail sellers are reluctant to purchase foreign cloths at present owing to the future outlook being uncertain. As cloth is not moving freely, the merchants are feeling the pinch regarding money, and the Importing Firms are likewise suffering owing to poor deliveries.

Grey Shirtings of Manchester make have been steady owing to light stocks, but Jaconets have declined to some extent. Grey Drills have also been easier. White Mulls have been selling in small quantities, but some styles have shown a decline of six annas per piece. Wide width Nainsooks have been arriving and selling at profitable rates. Tape bordered Nainsooks have been in better request. Narrow width Nainsooks are still drugs in the market. White Shirtings have been selling in retail quantities, but preference is now being given by buyers to cloths made at the local mills.

It is reported that the agitation in Manchester against the increase in the Indian import duties on cotton goods is reaching the stage of definite action, and appeals have been made to the Lancashire members of the House of Commons, irrespective of party, to urge the Government to reopen the subject, declaring that Lancashire's staple industry is seriously menaced. The "Manchester Guardian" points out, in a leading article, that the Indian excise duties are being levied upon cloth in the grey state, thus considerably increasing the advantage of the 8½ per cent. difference between the import and excise duties. The Cotton Spinners' and Manufacturers' Association has sent letters to the Members of Parliament urging them to use all their influence to secure the abolition of the duties, but if, after a full inquiry, it is found that the duties are absolutely necessary for the purposes of revenue, they should endeavour to get Parliament to urge the Government of India to agree to an imposition corresponding to the countervailing Excise Duty. A suggestion has been made in some quarters that the Indian millowners should pay the same tax as the Lancashire manufacturers, in other words, if the duty is necessary for the purpose of revenue, the excise duty should be increased to the same level as the import duty. It is gratifying to note that Mr. Montagu, while replying to Sir Walter De Frece in the House of Commons, said that he could not anticipate next year's budget as regards the likelihood of an early reduction of the recent percentage of increase of the Indian cotton duties.

On the other hand, a further increase in the import duties on cloth, say to 15 per cent. is being advocated by several well-known commercial men, in order to give a stimulus to the local mill industry, which has always had to face the competition of Lancastire mills. It may be noted here that at the debate which was resumed on 11th July last in the House of Commons on the motion for the third reading of the Overseas Trade (credits and Insurance) amendment Bill, Mr. A. M. Samuel (Farnham), speaking on behalf of the association of British Chambers of Commerce, stated that there was a sum approaching £20,000,000 in acceptances in the hands of the English banks which could not be met by Indian traders, in respect of goods already shipped from Manchester to India, and that this was due to the action of a certain small section of the Indian Traders, who were, in his opinion, acting dishonourably. He further stated that the outcry in India against this Bill had, in his opinion, been engineered by a section of Indian importers, who wish to embarrass the Government, and who call themselves non-cooperators. Nothing can be further from the truth than this statement, which is apt to mislead those who are not fully acquainted with the actual facts.

PICKETING IN UMBERGAON

TO THE EDITOR OF "THE CHRONICLE."

Sir,—I shall thank you to find space in your valuable paper for this letter, which is a reply to Mr. Jehangir's correspondence published in your issue of the 6th instant.

I am glad to know that Mr. Jehangir has made up his mind not to go back upon what he said at the Marwadi Vidyalaya meeting. This is exactly what is expected of people who are anxious to do good to the community.

Regarding Mr. Jehangir's query whether I do Umbergam picketing work by squatting down in Matunga, I have to say that I was doing picketing work at Umbergam from the time it was started there, until recently when I came to Matunga for private business. So Mr. Jehangir will see that I was a picket myself, and what I said was from personal knowledge and experience and there was great difference between "squatting down in Matunga," and squatting down at Pedder Road. As regards our followers I am in a position to assure Mr. Jehangir that they are a desciplined body and have all along worked on the most correct lines. Besides it is very pertinant to note that Mr. Jehangir was not able to quote any instance of picketing being carried on in an unscrupulous manner.

What Mr. Jehangir has written about toddy chatties being broken by badmashis, his very statement is enough to condemn his own insinuation. If chatties were broken by badmashis how could it be quoted as unscrupulous conduct on the part of pickets. Offences having connection with toddy and liquor are always to be heard here and there in one connection or another and if they were committed as Mr. Jehangir says by badmashis how could they be fairly brought in as charges against desciplined pickets? I know of a case where chatties which were being taken by a shopkeeper without proper authority were broken by a person knowing them to be so taken. Such instances cannot in justice be cited as instances of unscrupulous picketing. As for Mr. Jehangir's query regarding "unblushing lies," about the police, I must frankly say that I have never heard of them.

Mr. Jehangir's last but one point is that if the picketing is meant for harrassing Government "All well inclined people," like him will oppose the movement. I take this opportunity to assure Mr. Jehangir that the main object of picketing is to check the drink evil. It is, therefore, proper for well inclined people like him to support a movement and not to allow their ears to be poisoned against it.

As for Mr. Jehangir's pointed querry as to whether Vithaldass's family hold toddy licenses or not, I am glad to state that they at present hold none. Is it satisfactory to Mr. Jehangir? If not let him inquire.—Yours, etc.,

A. P. MOOLE.

Matunga.

Your Children need this safe Milk

from British-bred Cows

Glaxo is prepared from pure *cow's* milk, made *safe* and comfortably digestible by the Glaxo Process. Little bodies grow plump and rosy on it, and mother is happy in the knowledge that Glaxo is germ-free and that her darlings are safeguarded against diarrhœa and other milk-borne diseases.

Let your Children drink

Glaxo

every day

—and make their milk puddings, bread-and-milk, porridge, etc., with Glaxo!

Glaxo comes to you in powder form, safe from contamination inside an air-tight, sealed tin. You prepare just as much as you require *when* you require it by mixing with *boiling water only*. Mix as "Directions for general use" on Tin, and use as you would ordinary milk for cooking.

PLENTIFUL SUPPLIES OF GLAXO ARE NOW AVAILABLE Through **Messrs. GRINDLAY & Co.**, BOMBAY.

PRINCE OF WALES VISIT.

The Director of Information writes to say:

On Tuesday last his Excellency Sir George Lloyd presided at a meeting in Bombay of the Executive Committee appointed last year to seek measures for the fitting reception in Bombay of H. R. H. the Prince of Wales. With a few exceptions all the members of the committee were present and some useful preliminary business was transacted, Sir Sassoon David being appointed chairman in place of Mr. Purshotamdas Thakurdas and vacancies in the Committee and in the lists of secretaries and treasurers being filled up. His Excellency laid before the Committee a number of suggestions for entertaining H. R. H. during his stay in Bombay, discussion of which, together with the election of sub-committees to deal with those selected was postponed until the next meeting. His Excellency then pointed out how very short was the time now remaining for completing the arrangements and that the paramount necessity was to secure adequate funds to give H. R. H. a reception worthy not only of Bombay's loyalty but also of the fitting welcome it had always given to the members of the Royal House in the past. The following gentlemen generously responded on the spot to this appeal; Mr. Dumasia promising Rs. 25,000, Mr. Asaram Rs. 25,000 and Sir Sassoon David Rs. 40,000, and it was further decided that Sir Sassoon David hould issue at once a public appeal for subscription, to which his Excellency expressed an earnest hope that a fitting response would be forthcoming.

BALASINOR V. RAJPIPLA.

To The Editor of "The Chronicle."

Sir,—Your able editorial note in your issue of the 8th August 1921, on "Rajpipla State" induces as well as encourages me to request you to spare a short space in your valued columns with a view to have the grievances of a sister native state "Balasinor" in Revakantha Agency redressed. You will join me in congratulating the Rajpipla State Authorities on sending you the Administration Report, however defective it may be, when you know that the Dewan of Balasinor State has not even deigned to reply to a letter addressed to him by the Balasinor Peoples' Association requesting him to send a copy of the State Administration Report. However I had the fortune to have a glance at the Administration Report of the State for the year 1918-19 and the following facts quoted from the report will interest you and your readers. The State has an average income of 2½ lakhs per year. Rs. 29,518 is the income derived from sales of liquor from 24 licensed shops whereas only 8,115 rupees is spent on education in maintaining only 2 Anglo-Vernacular and 13 primary schools with only 1,200 students. The chief Anglo-Vernacular School teaches up to 5th standard and has a matriculated Headmaster and the other 4 non-Matric teachers. Sir, will you imagine the tuition imparted to the students by these teachers? —Yours, etc.,

O. C. M.

Bombay, August 10.

TILAK ANNIVERSARY AND AFTER.

To The Editor of "The Chronicle."

Sir,—The first of August, the anniversary date of Lokmanya, the uncrowned king of Maharashtra came and passed. Bombay celebrated the sacred date in a way worthy of his name. The enthusiasm of the white capped sea at Mr. Umar Sobani's mill at Elphinstone and the magnificent demonstration on the sacred sands of Chowpatty was remarkable for the sumptuous scene it presented. The golden day for its wonderful achievements would no doubt be considered as one of the greatest days in the episode of Swaraj and Indian History. The zeal of the Bombay public for the late gallant hero—one of the first persons to realize the extreme need of liberty and Swaraj was immense. The sufferings, which the revered *Maharshi* of Maharashtra had to undergo for the sake of the liberation of *Matru Bhumi* (Motherland) few patriots have borne with such unflinching courage.

To honour a man of this brave character, there assembled in both the meetings persons in great number in the national dress—**Swadeshi—mostly Khaddar.**

Little more than a week has passed from that memorable day, when, I am sorry to note that some of the persons, no doubt in minority, present at both the meetings in Swadeshi, and thus taking a vow of the same, have again adhered to their previous dress. Let me warn these persons that they have though unknowingly in some sense insulted Lokmanya having abjured the simple and divine dress, they wore on his anniversary date. It was and it is their holy duty to bravely fulfil and adhere to the Swadeshi under whatever circumstances, taking little or no notice of the loss they might have to undergo.

It has been remarked that Bombay the Beautiful has again led the movement in its second programme and the fame which it has gained, must be preserved at any cost leaving a good example for other countries to follow. I humbly but strongly appeal to all to take up Swadeshi for the sacred memory of Lokmanya and wear Khadhar—an effective way to liberty and emblem of equality and fraternity. Will not the Indians as true patriots and sons of Bharat Mata respond to the *Kailasvasi's* call!—Yours, etc.,

MOHANLAL T. SHAH.

August 10, 1921.

The Daily Peril of

SKIN DISEASE.

SCIENTIFIC CURE FOUND AT LAST!

Zam-Buk and its Unparalleled Benefits.

THE skin, when neglected, gets filled up with impurities, which if not got rid of in a natural manner through the pores, either force their way out in a crop of pimples, or give rise to other disagreeable complaints.

The usual symptoms of skin disease, whether itching on the body, irritation on the scalp, or soreness round the joints, should be properly attended to lest they prove the beginning of eczema, ulcers, ringworm or worse trouble.

You cannot be too careful what you use upon your skin. The unsatisfactory results from the old-fashioned ointments show that some different way of treating the skin is urgently needed.

The secret of those wonderful healing balms of the Roman gladiators was lost centuries ago, but they taught us that, just as Nature has given to man the instinct to rub a place when it hurts, so Nature has supplied somewhere amongst the herbs the right substances to rub with.

With the achievement attained by the production of that new wonderful balm called Zam-Buk, the Art of skin-healing may be said to have been created anew. Zam-Buk is a secret combination endowed with healing, soothing and antiseptic properties of a rare and unique order.

Indeed, this balm can only be produced in the Zam-Buk Company's own laboratories by their skilled chemists with the aid of elaborate apparatus; and certain scientific processes are employed in order to develop to the highest possible point the disease-destroying properties and that

Wonderful Power of Healing

which every user of Zam-Buk finds it possesses. It usually takes three months for each box of Zam-Buk to pass from its first to its final stage.

It will thus be seen how totally different Zam-Buk is from mere ointments. Not only is it different from them in composition and the scientific method of its manufacture, but it is immeasurably superior to them in action and effect.

Zam-Buk contains no trace of lard or rancid animal fat, or any lead, zinc, or other mineral irritant. Its herbal composition is so complex as to render the identification of its ingredients by analysis a sheer impossibility; and doctors purely from their own success with Zam Buk recommend it to their patients.

In view of the absolutely unique character of Zam-Buk it is not surprising that it has to its credit the cure of many thousands of cases of eczema, ulcers, bad legs, blind and bleeding piles, children's scalp sores, ringworm, chapped hands, festering sores, and poisoned wounds.

There is nothing like Zam-Buk—nothing so wonderfully curative and nothing that gives such splendid results in so short a time and for the same small outlay.

Retail of Chemists & Bazaars, or The Zam-Buk Co., 9, Dalhousie Sq., Calcutta.

FOR **INDIGESTION**

Mother Seigel's Syrup is excellent for digestive disorders because it assists the organs of digestion to do their work naturally and efficiently. In nine cases out of ten, it is because your stomach, liver and bowels are unable to perform their work efficiently that you suffer the penalties of indigestion—pains after eating, flatulence, acidity, biliousness and constipation.

MOTHER SEIGEL'S SYRUP

Mother Seigel's Syrup, taken daily after meals, regulates and strengthens these organs, and thus ensures good digestion, which is the foundation of good health. Test it for yourself! There are naturally *imitations* of Mother Seigel's Syrup, but not one of them contains the medicinal herbal extracts upon which the remedial value of Mother Seigel's Syrup depends. Therefore be sure you get the *genuine* Mother Seigel's Syrup—the remedy of world-wide repute.
